

## ANGLO-AMERICAN ACCORD DELAYED ONLY BY DETAILS

### Fixing of Amount of United States Claims is Lone Problem; Speed is Promised at Conference

(BY CABLE AND ASSOCIATED PRESS)

PARIS, Jan. 8.—The fixing of a lump sum and the joining together of the costs of the American Army of Occupation and the claim of the United States for war damages were the subjects of two conversations between James A. Logan, Jr., the American observer, and Winston Churchill, British Chancellor of the Exchequer, today and it is this which is delaying the agreement that an Anglo-American view, which was reached in principle last night, has been definitely settled as to details.

The American delegation, however, expressed optimism and is expected to be ready to present at the conference this morning a statement satisfactory to all parties.

Mr. Logan, the French minister, also informed the British delegation this evening that the American side had only a half-hour delay and the only official statement was that the conference was adjourned and the delegates would meet again on Monday.

## PAKE WELLS FLOW OIL

### Swindle Shows Dividends

#### Field Started by Brothers, Convicted of Fraud, Yields Profit

#### Twelve Thousand Investors Spared Loss Through Trick of Fate

(EXCLUSIVE DISPATCH)

KANSAS CITY, Jan. 8.—A "get-rich-quick" Wall Street scheme devised several years ago by two brothers, Robert and Gordon Ingalls of Chicago, which took more than \$1,000,000 from investors from Maine to Hawaii, including many in Kansas City, turned out to be a money-maker and now the 12,000 investors can sit back and laugh at what might have been a financial tragedy.

This is revealed in the Federal court, Western District of Arkansas, where the first decision in the United States rendered by a state supreme court, the Kansas Mutual Oil Field, was started by Ingalls brothers.

The three special Supreme Justices appointed by Gov. Pat M. Neff to hear the case of Johnson vs. Ingalls, involving the ownership of the World property in El Paso county, today decided after a brief consultation to grant the writ, thus permitting the case to come up on appeal. Had the writ been denied, the women would not have an opportunity to hear oral argument, but by the decision the case will be heard the 30th inst.

## COURT OF WOMEN TO HEAR CASE

### Three Female Judges of Supreme Tribunal Give Decision in Texas

(BY A. P. NIGHT WIRE)

AUSTIN (Tex.), Jan. 8.—The word "granted," printed in red ink by a rubber stamp on an application for a writ of error, represents the first decision in the United States rendered by a state supreme court composed only of women.

The three special Supreme Justices appointed by Gov. Pat M. Neff to hear the case of Johnson vs. Ingalls, involving the ownership of the World property in El Paso county, today decided after a brief consultation to grant the writ, thus permitting the case to come up on appeal. Had the writ been denied, the women would not have an opportunity to hear oral argument, but by the decision the case will be heard the 30th inst.

## PRESIDENT AS MODEL CHILD LABOR AMENDMENT RATIFIED BY LEGISLATURE

### Lauded in Stand on Liquor

### Both Houses Adopt Resolution by Tophheavy Majorities After Lengthy Discussion

Gary, Rockefeller and Other Distinguished Guests Praise Coolidge

Official Quiz in Capital is Hinted as Result of Recent Scandals

WASHINGTON, Jan. 8.—An impressive tribute to all persons who continue to make, sell, drink and serve intoxicating liquor or otherwise violate the Eighteenth Amendment was staged at the White House breakfast table of President and Mrs. Coolidge this morning.

Over the warm sausage and New England buckwheat cakes liberally anointed with Vermont maple syrup Elbert H. Gary, head of the United States Steel Corporation, John D. Rockefeller, Jr., and seven other distinguished members of the Citizens Committee of One Thousand for law enforcement presented resolutions of that organization commending "to the people of the United States and particularly to the high determination to enforce the prohibition statute to accept his leadership in conduct and to induce in practice the integrity of his fidelity to the supremacy of the law."

The committee wants all Federal, State and local public officials to be ready to enforce the law. It requests the President and the Governors of States to urge all such officers to join them by precept and personal example in maintaining among the citizens of our republic the high determination to obey and to enforce the law of the land.

## ASKS ACTION ON REBATE

### Shortridge in New Tax Plea

#### California Senator Appeals to President for Justice to Citizens of State

(EXCLUSIVE DISPATCH)

SACRAMENTO, Jan. 8.—The State Legislature today voted to surrender to the Federal government the rights of the people of California in the matter of regulating, limiting and prohibiting the labor of persons under 18 years of age. The vote in the Assembly was 79 to 9, and in the Senate, 36 to 3. Ratification was accomplished only after a lengthy and sometimes bitter debate in both houses, although there apparently was never any question as to the outcome.

Those in the Senate who recorded their ballots against the proposed amendment were Christian of Hayward, Dennett of Modesto and Rush of Suisun. Senator Murphy of San Francisco was absent, all the others voting in the affirmative.

Those voting no in the Assembly were: R. J. Anderson, Cleveland, Coombs, Dayton, Melville, Murphy, Spence, Wemple and A. V. Wright. All other members except Loutitt and Croter, absentees, were recorded in favor of ratification.

The all-important question of State's rights, the fundamental relation of parent and child, the danger of bureaucratic tyranny—described as more evil and dangerous than the tyranny of imperialism—were discussed, both in scholarly and trivial fashion by those taking opposite sides in debate.

## POINTS OUT RULINGS OF TWO ATTORNEYS-GENERAL UPON COMMUNITY PROPERTY

(BY ROBERT B. ARMSTRONG)

WASHINGTON, Jan. 8.—Senator Shortridge, in spite of all the apparent opposition to granting justice to the community property owners of California in the matter of the inheritance and income tax rebates, today is concentrating every effort to have the matter settled before the Senate. He is asking the President to take action on the rebates.

Senator Shortridge today called on President Coolidge and urged that the Treasury should issue orders for the granting of the rebates to the taxpayers of California. He said that the rebates are now granted to taxpayers in other States and that the community property owners of California are being discriminated against.

## LEO KORETZ DIES IN PRISON

### Bayano Oil Bubble Swindler Who Fleeced Friends of Millions Succumbs to Diabetes

(BY A. P. NIGHT WIRE)

SEATTLE (Wash.), Jan. 8.—Leo Koretz, swindler of the Bayano oil bubble, who fleeced scores of friends and relatives out of millions of dollars, died tonight in the State penitentiary here.

The promoter, who for years conducted his phantom financial ventures so quietly and effectively that trusting relatives and friends begged him to take their money, declared when he went to prison a few weeks ago that he did not expect to come out alive. His death occurred at 3:40 o'clock.

When Koretz was found last December in Halifax N. S., he was suffering from diabetes, and when he was returned to Chicago and pleaded guilty to charges of operating a confidence game his condition had grown much worse.

His lawyers urged a light sentence pronounced for this reason, and doctors who examined him said it was doubtful if he could stand prison life. When he first went to the State prison he was given light duties in the prison yard, but a few days after his confinement he died.

## GUN ELEVATION NOT BANNED

### President Says Plan Does Not Conflict With Pact, But Opposes it on Economy Grounds

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 8.—Another chapter on the American Navy was placed before the House Naval Committee today with the receipt of information that the administration does not regard elevation of turret guns on capital ships as conflicting with the Arms Conference Treaty and that the Navy Department favors sufficient expenditure to bring all branches of the Navy up to the 5-5-3 ratio.

President Coolidge, however, believes that they should be replaced by "minor alterations." The letter from Mr. Hughes was in response to a resolution asking whether any protests against the Navy's program of economy, it was developed, and for that reason he has not recommended the appropriation of funds for the work.

## WORLD FLYERS AID QUIZ

### Lieuts. Harding and Wade Tell House Committee of Beneficial Results of Globe Flight

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 8.—The world flight proved that "wherever there is air, airplanes can go," Lieut. John Harding and Lieut. Wade told the House aircraft investigating committee which earlier in the day had heard an appeal by Dwight F. Davis, assistant Secretary of War, for development of commercial aviation as the "salvation of the aircraft industry."

The endurance and reliability of the all-American planes used in the world flight were enthusiastically described by the two flyers.

"The Liberty motor stands as the most wonderful engine used in the world," declared Lieut. Wade.

In every country, the flyers related, they were received with the greatest cordiality and American diplomatic and consular representatives all along the route took them to the "planned" American flag in the hearts of foreign people and created lasting international friendships for the United States.

## THIRTEEN CARS STOLEN

### Shows for Auto Thieves

Automobile thieves had a day in Los Angeles yesterday, according to the report of the Automobile Club of Southern California, which received reports of thirteen stolen cars. The stolen cars were: a 1924 Buick, 1924 Chevrolet, 1924 Ford, 1924 Buick, 1924 Chevrolet, 1924 Ford, 1924 Buick, 1924 Chevrolet, 1924 Ford, 1924 Buick, 1924 Chevrolet, 1924 Ford.

## WHOLESALE GROCERS HIT BY WITNESS

### Ralphs Tells Trouble Due to Low Price Slogan Conspiracy Case Trial

"Balls for Low," the slogan of the Ralphs Grocery Company, is the subject of a conspiracy case trial today in the Federal court here. The case is the result of a complaint by the United Grocers of America, which claims that the Ralphs company is using the slogan to drive its competitors out of business.

## DAY'S NEWS SUMMED UP

Partly cloudy, with a few showers, highest, 65; lowest, 45. Wind, light and variable. Rainfall, .01 inch. Temperature, 65-45. Wind, light and variable. Rainfall, .01 inch. Temperature, 65-45.

## STEEL COMPANY IN GERMANY TO GET LOAN HERE

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 8.—Negotiations have been concluded by American bankers for a loan of \$12,000,000 to the German Steel Works, a company which is being reorganized. The loan is to be made in the form of a series of bonds.

## WESTERN PACIFIC AND WORKERS IN NEW WAGE PACT

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, Jan. 8.—The Western Pacific Railroad Company has effected a new wage agreement with its firemen, engineers and conductors. The new agreement provides for a 10 percent increase in wages.

## YEAGER TO HANG TODAY IN MURDER OF C. M. PICKETT

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, Jan. 8.—The first execution at San Quentin since the death of Clarence M. Pickett, a man who was convicted of the murder of a woman, will take place at 10 o'clock tomorrow when Walter Yeager, 41 years of age, will be hanged.

## FOREIGN TO AID CHINA

Agreement between Mexican government and oil producers reported by President Calles. The agreement provides for a 10 percent increase in the price of oil.

## BALLAD TO AID CHINA

A benefit concert for the Chinese people, who are suffering from the effects of the war, will be given at the Los Angeles Music Hall on Monday night. The concert will feature a ballad by a Chinese singer.

## COMPACT WITH OIL MEN SIGNED

Agreement Reported Ratified  
by President Calles

Significance Seen in Visit of  
Doheny and Wylie

Action Clears Way for New  
Petroleum Development

BY JACK STARR-HUNT  
(BY CABLE-REUTERS DISPATCH)  
MEXICO CITY, Jan. 8.—The  
arrival here of E. L. Doheny and  
H. G. Wylie, expected within ten  
days, will come at an opportune  
time, local oil men believe, because  
of the reliably reported ratification  
by President Calles of an agreement  
between the Mexican government  
and the leading foreign oil com-  
panies.

The reported ratification, oil men  
here declare, is the most impor-  
tant step taken toward straighten-  
ing out the tangled situation that  
has existed for several years.

Doheny and Wylie are expected  
also to visit Tampico, where most  
of the oil operations are cen-  
tered.

The last-known negotiations be-  
tween the government and oil  
companies were conducted last  
September. At that time legal  
representatives of Doheny, Stand-  
ard Oil Company of New Jersey,  
the British El Agulla Company, and  
the Royal Dutch Group, and  
Alberto J. Paul, Minister of Fi-  
nance, conducted meetings over a  
month's time. Although the re-  
sult of the meetings was kept se-  
cret, the belief existed that plans  
of an important nature were  
made.

Early last month, the oil com-  
panies ratified the oil agreement.  
It was predicted at that time that  
President Calles would do likewise.  
It is now learned from a reliable  
source that Calles gave his ap-  
proval several weeks ago, although  
neither the companies nor the gov-  
ernment have issued statements to  
the effect.

The agreement paves the way  
for a more detailed understanding  
between the companies and the  
government. In a general way, it  
states under what conditions the  
companies may develop their prop-  
erties acquired after May, 1917.

Oil properties acquired before 1917  
have been developed by companies  
without hindrance from the gov-  
ernment, but they have refrained  
from exploiting such additional  
properties acquired after 1917, in  
view of continued friction over the  
varied petroleum legislation.

More than 500 educators attend-  
ed the meeting which was held  
jointly with the various denomina-  
tions holding meetings under the  
auspices of the council of church  
boards of education.

**Mayor Hurt as  
Train Hits Car  
at Santa Cruz**

(BY A. P. NIGHT WIRE)  
SANTA CRUZ, Jan. 8.—Mayor  
John B. Maher of Santa Cruz was  
seriously injured today when an  
automobile he was driving was  
struck and demolished by a South-  
ern Pacific train here. Maher's  
skull was fractured.

**Father Loses in  
Race to Reach  
Son's Deathbed**

(BY A. P. NIGHT WIRE)  
OMAHA (Nebr.) Jan. 8.—Dana  
Coolidge, Jr., 20 years of age, son  
of a Downing (Wis.) banker, who  
shot himself here last night fol-  
lowing an asserted quarrel with a  
Minneapolis girl, whom he said he  
had kept company for more than  
two years, died tonight as his fa-  
ther raced from Downing toward  
Omaha, in an effort to reach his  
bedside before death overtook him.

**SHORTAGE OF MEAT  
FEARED IN ENGLAND**

(BY CABLE-REUTERS DISPATCH)  
LONDON, Jan. 8.—England is  
bound to suffer from a meat fam-  
ine if the United States becomes  
an importer of beef. It was de-  
clared before the British royal  
food commission during an inquiry  
conducted under the supervision  
of Sir Auckland Geddes. Experts  
pointed out that the consumption  
of meat by continental Europe has  
increased greatly since the war.  
The idea that the Dominion of  
Canada and Australia will be able  
to supply sufficient meat for En-  
gland is scoffed at. If other  
measures fail, it is suggested to  
start an extensive nation-wide  
movement to eat less meat.

**FIFTY SEIZED IN PARIS  
DRIVE ON FOREIGNERS**

(BY CABLE-REUTERS DISPATCH)  
PARIS, Jan. 8.—France yester-  
day resumed its operations against  
undesirables in a raid on a cafe  
gambling dive in which fifty per-  
sons are held for expulsion. All  
were foreigners carrying revolvers  
and other arms, and not possess-  
ing passports or identification pa-  
pers. Russians, Germans, Czechs,  
and Austrians are included. The  
gang was engaged in a card game  
for high stakes when the police  
arrived.

**SOCIALIST HEADS DIET**  
(BY CABLE AND ASSOCIATED PRESS)  
BERLIN, Jan. 8.—Friedrich Bar-  
thelemy, Socialist, was today elected  
President of the Prussian Diet.

## COMMISSION PERPLEXED OVER CLOCK

Indiana Time-Piece Runs  
Down; Appropriation for  
Rewinding Sought

(REUTERS DISPATCH)  
HAMMOND (Ind.) Jan. 8.—It  
will require a special session of  
the Lake County Commissioners to  
wind the town clock of Hammond,  
which stopped New Year's Day.  
Erick Lund, Township Trustee,  
made a trip to Crown Point yester-  
day to determine action on the  
matter. He said the citizens were  
angry because the clock had  
stopped. He was told the clock-  
winding appropriation for 1924  
had expired and no provision had  
been made for 1925.

Lund was in conference for half

an hour with Ben Strong, the  
sheriff, and George M. Poland, the  
County Auditor, and appeared  
pacified when he left the Court-  
house. He said the auditor had  
agreed to call a special session of  
the commissioners to pass a spe-  
cial appropriation for winding the  
clock. Some opposition to the  
measure was expected from Gary,  
which has only one member on  
the board, and consequently no  
town clock.

Otto Fifield, County Treasurer,  
in trimming the budget, is said  
to have struck out the clock-  
winding appropriation. The situa-  
tion was complicated further when  
County Clerk Killinger declared  
that any action by the commis-  
sioners would have to be ratified  
by the County Council, which does  
not meet until February.

**PERISH IN BLAZE**  
WINNIPEG, Jan. 8.—Cyril  
Faulcon, 40 years of age, and  
George Brault, 35, farmers of the  
Perland district, western part of  
Saskatchewan, were burned to  
death when fire destroyed the  
Faulcon home. The bodies were  
found in the ashes of the house  
by neighbors. The two men lived  
alone.

## Graupner Urged by Lineberger for Judgeship

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 8.—Rep-  
resentative Lineberger took a hand  
today in the question of appoint-  
ment of a Federal District Judge  
for Northern California, to fill the  
vacancy caused by the death of  
Judge Morris T. Dooling. He called  
at the Department of Justice to  
recommend the appointment of  
Judge A. E. Graupner of the Board  
of Tax Appeals, prominent in the  
American Legion in California, and  
author of a report on the Liver-  
more Hospital site sent to the Sen-  
ate Veterans' Bureau Committee  
during the investigation.

Senator Shortridge has recom-  
mended Judge A. F. St. Bure of  
San Francisco, member of the Cal-  
ifornia District Court of Appeals,  
for the place, while Senator John-  
son has recommended Judge Wil-  
liam H. Langdon of San Francisco.

# "MURDEROUS MORALITY"

Is Responsible says Judge Lindsey

**Judge Ben B. Lindsey Reveals the  
Morals of Modern Youth**

Dear Madam:  
For practices of which your  
daughter has been guilty I find it nec-  
essary to suspend her from all the  
privileges of this school.  
It is of such grave immoral con-  
sequences that I do not want her even  
to return to this school and further, I  
insist that she shall not be around or  
near the school at any time.  
Miss Hughes will call to see you  
and explain the whole matter.  
Respectfully yours,  
Principal

ELIZABETH was unfortunate—she  
was found out.  
Her parents were prostrated—her  
teachers shocked—she was denounced  
by the principal of her school—ex-  
pelled—shamed—disgraced.  
Yet, Elizabeth was not really bad.  
She just wanted to know about life.

She dared not ask her parents or her  
teacher so she attempted to solve the  
problem in her own crude way—with  
disastrous results.  
And she was branded as a moral  
leper.

Judge Ben B. Lindsey, for 25 years  
Judge of the Juvenile Court of Den-  
ver, Colorado, proves that she was  
neither better nor worse than hun-  
dreds of other girls and boys who  
attended the same school—and prob-  
ably every other school; that for every  
instance of this nature that comes to  
light there are literally hundreds that  
escape discovery.

By means of a multitude of just  
such cases that have come before him  
he shows the strange and amazing  
things that are taking place among  
the youth of today—your sons and  
daughters and mine.

Modern youth is not content with  
the old evasions, fables and lies upon  
which they have been fed. They have

learned they cannot expect any help  
from parents and teachers so they are  
finding out for themselves. They are  
taking matters into their own hands;  
they are doing things to our most  
cherished morals and traditions.

Judge Lindsey is not an alarmist.  
He does not tell you these facts or go  
into such astonishing, and in places,  
terrible details, simply to shock you.  
He points out the remedy that will  
restore to youth the balance that  
must be restored—now.

If you are the father, mother,  
teacher of children whose interests  
you have at heart, do not fail to read  
these powerful and enlightening arti-  
cles regarding modern youth by the  
one man in the world really competent  
to write them. You will find Judge  
Ben B. Lindsey's powerful articles  
in *Physical Culture*. The January  
issue is now on sale. Be sure and  
get a copy today, and read Judge  
Lindsey's grippingly interesting and  
startlingly frank articles on

Preparedness is the Only  
Policy

These children  
are going to mis-  
lead a large pro-  
portion of the na-  
tion that belong  
to childhood. And  
that start is go-  
ing to prepare  
them for the ma-  
ture years to  
come. Health can  
be universal. The  
life of these Physi-  
cal Culture Babes is completely  
on page 45.

The Neighbors Said  
She Wouldn't Live

This healthy athlet-  
ic girl is today an  
active dancer of re-  
nown—and not so  
very many years ago  
the neighbors shook  
their heads and said  
her family would  
never raise her.  
How she attached  
health starts on page  
47.

**THE REVOLT OF MODERN YOUTH**

**Watch Me Take Off  
150 Pounds**

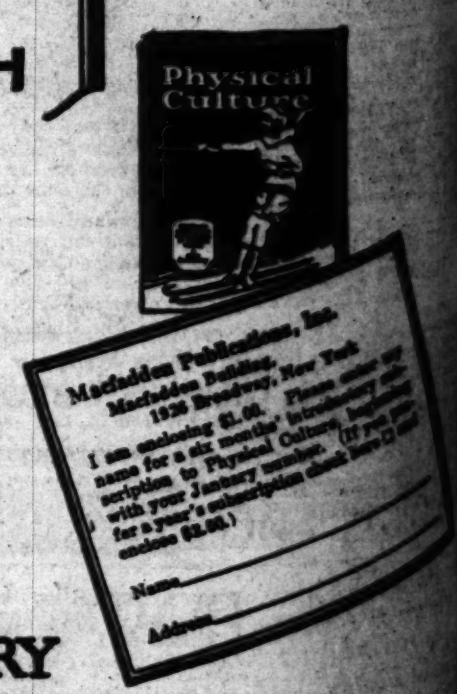

Doctor after doctor tried to keep the  
layers of fat from accumulating.  
Drugs, diet, exercise—everything  
was tried, but still the scales showed  
a steady increase.  
Now she knows!—already more  
than 80 pounds have disappeared. But  
she isn't satisfied. Her goal is the  
loss of 150 pounds. She wants to and  
will recapture the slim, girlish figure  
of her honeymoon days. How she does  
it... the exercises that really worked  
... the diet that was effective, are  
completely described in this issue.  
See page 35.

**Once Epileptic—  
Now Athletic**

A physical wreck tottering on  
the very edge of an early grave  
—given up by doctors—now an  
athlete. Proper living, proper  
diet, proper exercise—these  
three things brought her back  
from death's door. Another cure  
of an incurable case that will  
inspire thousands. It begins on  
page 47.

And many other features in JANUARY  
**Physical Culture**

### CAN A KING BEAT AN ACE?

That's the question fight fans, not poker enthusiasts, will learn tonight at the Hollywood Legion where Tommy Carter, holder of the Pacific Coast lightweight crown, defends his title against Ace Hudkins, the Nebraska Wildcat, over the ten-round route.

### CARTER FACES HUDKINS

Coast Lightweight Champ and Nebraska Wildcat in Ten-Round Feature at Hollywood Tonight

There seems to be some doubt in the minds of boxing men as to the outcome of the main event at the Hollywood American Legion stadium tonight between Tommy Carter and Ace Hudkins, who go ten rounds to a decision for the lightweight championship of the Pacific Coast.

Tommy Carter is going to be the favorite because he is a battler who carries a Jack Dempsey sock and the lightweight title. Anyone in the boxing game who is crowned king of his division is naturally the ruler favorite until he is dethroned.

Ace Hudkins is the big noise around Nebraska but his showing in California is based on his one win over Dick Hoppe, a popular boxer and tough hombre here in California. Hudkins has had some very tough shots and he has always come home a winner but in Carter he is meeting a lad who is the best bet right here for a shot at the best lightweight contender whether it be on the Atlantic seaboard or on the Pacific Coast.

MAY NOT GO LIMIT The main event is scheduled for ten rounds but there is a large doubt as to whether or not the bout will go the limit. Carter can be felled but he hasn't been knocked out since he started boxing in California.

Hudkins has never been knocked out. This boy from Nebraska can surely hit as he had Johnny O'Donnell on the floor five times in a ten-round bout recently. This is guaranteed enough that there will be either one or the other on the floor before the bout has gone very far.

Those wishing to get seats for the Hollywood show had better be quick.

(Continued on Page 2, Column 3)

### IT'S ALL NEWS TO OFFICIALS

Hanlon Hasn't Had Any Word from Promoter

Commissioner Gives Coffroth a Big Boost

Managers May Appear in Ring With Their Boxers

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Jan. 8.

Northern California, as represented on the California State Athletic Commission, by William H. Hanlon of Sacramento, doesn't know anything about a ban on Uncle Tom McCarey or James W. Coffroth as boxing promoters.

If such action, particularly with reference to Uncle Tom McCarey, has been taken, resulting in the old-time promoter stopping work on his contemplated arena, Hanlon hasn't been advised.

The Sacramento member of the commission was in San Francisco today for the California State Athletic Commission, as represented on the California State Athletic Commission, by William H. Hanlon of Sacramento, doesn't know anything about a ban on Uncle Tom McCarey or James W. Coffroth as boxing promoters.

"Never heard of it," declared Hanlon. "In fact, don't even know that McCarey has made application for a permit as a promoter."

"I want to say this much with reference to James Coffroth, whose name was mentioned, although I question whether he has asked for a permit as a promoter. I know Coffroth for a good many years. Went to school with him as a kid, as a matter of fact."

Jim Coffroth wants I am for. I'm willing to tell that to the wide world. He is a good fellow, a man who fought in the old days and I only want to say that he is a good fellow."

Hanlon reiterated that he believes in giving the people good bouts and that not for one minute would he approve of barring Coffroth from the game because they are in the public eye.

"The fans want good matches," he declared, "and I am strong for giving them what they want."

NO FAVORITES Hanlon also argues that when the commission starts granting permanent permits, other promoters will be given serious consideration.

"I don't see why we should refuse to listen to applicants simply because the men concerned haven't been running clubs in the past," he declared. "We have to stand in San Francisco, you have no arena now sufficiently large to accommodate a championship fight. And I know that your people want to see some big matches. So we'll naturally have to do something to make the offer by Coach Dolan."

Just now it is all new to us, but give us time and we'll do it.

The apparent tangle with respect to managers appearing back of their fighters at ringside is to be straightened out. Evidently there was a misunderstanding. Hanlon says he believes the manager should act as chief second to his fighter.

"That's the way it should be," declared the commissioner. "And it has so been ordered. Hanlon says it will be another week at least before the commissioners can hold their next meeting."

WALTER MUELLER TO QUIT PITTSBURG NINE

(BY A. P. NIGHT WIRE)

PITTSBURG, Jan. 8.—The retirement from baseball of Walter Mueller, utility outfielder of the Pittsburgh National League club, was announced tonight by Barney Dreyfuss, owner of the club.

Managerial management that he had entered business near St. Louis. He had been a member of the Pirates squad for three years.

URBAN SHOCKER TO GET TWO OPERATIONS

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 8.—Urban Shocker, traded to the New York Yankees by the St. Louis Browns, will have two operations performed before reporting for the southern trip. He will have his tonsils removed and a tumor taken from his right shoulder.

### OBSERVATIONS

INNOCENT INVADER, BILL HENRY

Tough football schedules seem to be all the rage now that Knute Rockne has demonstrated that they can be climbed without hurting the team that undertakes them.

St. Mary's and Pomona sort of set the style on the Coast last fall in a similar way. St. Mary's played California, the Multnomah Club and U.S.C. in addition to a line of games with less formidable opponents.

U.S.C. and Pomona took on U.S.C. and California on successive Saturdays. Incidentally, the teams that took on the toughest schedules seem to have been most successful, but possibly they took on the toughest schedule because they had good teams. Who knows?

Likewise, it might well be mentioned that the Trojans had a pretty tough schedule themselves, particularly after they had come to the parties of ways with their northern friends.

U.S.C. in scheduling California, Stanford, St. Mary's, Idaho, Syracuse and Missouri, certainly could hardly be accused of picking soft spots, and appearing on the schedule was a good thing for the local hopes got better as they went along.

U.S.C. has been cut out of two tough games through its reason with Stanford and California. Although the reason seems to be that the Trojans were too busy to keep on trying to stir it up again—just the Trojans will undoubtedly have some tough games for next year—Jays, for example.

Coach Nelson, out at Pomona, despite the loss of most of his championship team of this year, apparently proposes to take 'em as they come next year, anyhow. He anticipates having a good team, and again next year and possibly again next year and possibly again next year.

Coach Nichols at Occidental has a team that is expected to be one of the best in the West. He is expected to be one of the best in the West. He is expected to be one of the best in the West.

### WALT JOHNSON MAY BUY BEES

Vancouver Wants Barney to Bring Team North

Brown Anxious to Help Him Purchase Franchise

Washington Star is Still After Tiger Club

And now they have Walter Johnson lined up to buy another Pacific Coast League ball club. First it was Oakland, then it was Vernon, and now it's the Salt Lake franchise.

The way the dope points now, Bob Brown, a prominent Vancouver sportsman who owns the "British Columbia" metropolitan, wired to President Harry A. Williams yesterday that he was willing to buy either a majority or minority share of stock and combine with Walter Johnson in purchasing the Salt Lake franchise.

Johnson, however, is still after the Vernon club franchise, which he would guarantee the Vancouver ball park with free rent for three years. In concluding the wire to Williams, Brown wanted to know whether there was any chance of getting the Salt Lake franchise and what it would cost approximately.

### NEBRASKA COLLEGE BOY NABS WRESTLING TITLE

"Big" Munn Makes Monkey Out of "Strangler" in Kansas City; Wins Two Falls Easily

(BY A. P. NIGHT WIRE)

KANSAS CITY (Mo.), Jan. 8.—Wayne "Big" Munn, former University of Nebraska athlete, won the heavyweight wrestling championship of the world here tonight by defeating Ed "Strangler" Lewis, in two falls out of three. Munn won the first and third falls and lost the second on a foul when he lifted Lewis over the ropes and threw him out of the ring.

Munn won the first fall in twenty-one minutes with a crotch and body hold. He took the third in less than a minute with the same hold.

"Billy" Randow, Lewis's manager, announced before the third fall that Lewis was wrestling under protest. After the match he said the decision would be contested.

Ed "Strangler" Lewis is well known to Los Angeles fans, having appeared here as late as last October when he met such prominent grapplers as Stanislaus Zbyszko, Toots Mondt and Pat McClellan. Lewis twice defeated Ed Gill, Lewis twice defeated Ed Gill, Lewis twice defeated Ed Gill.

Joe Stecher was world's champion before Lewis came along in 1917, and bowled him over. Ed later met Zbyszko and the veteran Pole squeezed the champion into a submission in New York, the roll-up fall being in vogue for the match. Lewis, within two months, won the title back from "Zib" and has held it ever since. Only a week ago Lewis announced through his manager, Billy Randow, that he would leave for Europe, that he would leave for Europe, that he would leave for Europe.

## Southern California Conference Basketball Teams Open 1925 Season Tomorrow Night

TRIO OF GAMES.  
ARE SCHEDULEDGrizzlies Play Redlands at  
Manual Arts GymPomona Tosses Tackle Poets  
on Whittier CourtOccidental Plays Host to  
Caltech Tossers

BY BLAVEN DYER

The college boys who cast the canals or toss the tomatoes, or the case may be, but into the limelight tomorrow night when the first of the Southern California Conference basketball games will be played. Three contests are billed, which ought to be enough to provide the palpitating public with plenty of action for one evening.

From the standpoint of last August's season, the big action will take place at the Manual Arts gymnasium, where the Redlands team will attempt to commit carnage on the local University of California Grizzlies. However, the best game of the night is undoubtedly scheduled for the town of Whittier, where Pomona's palpitating foot change of the season last year, encountered "Tackle Poets" of Whittier.

Both of these games are slated for the Franklin High School gymnasium, where the Occidental team will play the Caltech Tossers in a short order.

**POINTS FAVORED**  
Whittier will be favored to bowl over the Grizzlies, principally because they have all five men who guard the team last year back for action. This will enable them to start "Tackle Poets" and "Tackle Poets" in the forward line. Both are sure shots and fast foot men. Williams, regular center, is in his shape and Johns and Brown, veteran guards, are also proved for a battle.

Pomona will take the field ready for a fast game. After the victory of Don Hollander, a forward center, who won't be eligible until next month, the Grizzlies have been beaten down themselves to be a smooth-running aggregation in their practice games. Capt. Jack Jones and Jack Hollander have been handling the guard positions in commendable style with P. A. Smith and Lowell Wilson apparently have the forward line. The Grizzlies have been beaten down themselves to be a smooth-running aggregation in their practice games.

**WILL LACK AGEN**  
The Grizzlies ought to win tomorrow night, not only because they have their entire team back, but also on account of the fact that their own gymnasium is the site of their own basketball team. The Grizzlies have been beaten down themselves to be a smooth-running aggregation in their practice games.

Coach Caddy, who's been expected to bowl over the Redlands team, will probably start in the forward line. The Grizzlies have been beaten down themselves to be a smooth-running aggregation in their practice games.

**TIGERS ON EDGE**  
Occidental seems destined to come out of a long basketball slump. The Tigers, who were beaten last season, will play the Caltech Tossers in a short order.

**SEVENTH AND WEST**  
Hollywood Bn. at Chetokee

NEW RECORDS  
FOR JOHNNY

(BY A. P. HUNT WIRE)

CHICAGO, Jan. 8.—Johnny Weissmuller, holder of many national swimming titles, tonight broke two of his own records in an exhibition match against time at the Illinois Athletic Club. He swam the 50-yard free-style event in 22 1/2 seconds, compared with his old mark of 23 1/2 seconds. He made the 100-meter free-style event in 48 1/2 seconds, compared to his old record of 50 1/2 seconds.

Oakmont Golf  
Team Defeats  
Palos Verdes

The match between the golf teams of the Oakmont Country Club and the Palos Verdes Country Club resulted in a victory for the former club, 6 to 4, according to information received yesterday. The battle was staged on the Palos Verdes course, the teams consisting of Group 1 of Class B in the S.C.A. series.

Hackley Wins  
Decision Over  
Richie King

Jimmy Hackley, popular little Los Angeles Harbor boy, took a well-earned decision over Richie King, all-Navy featherweight champion, in the main event at the C.R.C. event at Wilmington last night. The sport, which was the fastest sight-round affair seen in the harbor district, was a hair-raiser from start to finish, and only the usual cleavage of the Navy boxer kept him from being carried by his tough little opponent, who took every round after the third.

In the semi-final, a strong round affair, Pete Ramirez was the victor over the local fighter, who was substituting for Frankie Genser. Ryan failed to complete the match, as he was unable to fall back on the recent small gym as an alibi for defeat.

Coach Caddy, who's been expected to bowl over the Redlands team, will probably start in the forward line. The Grizzlies have been beaten down themselves to be a smooth-running aggregation in their practice games.

O'NEILL CAUSES BIG  
SQUABBLE IN MAJORS

(BY A. P. HUNT WIRE)

CHICAGO, Jan. 8.—Baseball Commissioner Landis today was asked by the Chicago White Sox to decide whether pitcher O'Neill of the Boston (Tex.) club belongs to the Sox or to the Philadelphia Nationals.

The management of the Phillies announced they had purchased O'Neill for \$10,000 and eight players. The White Sox claim to have had an agreement with Beaumont O'Neill for a choice of any of his players in 1924 and 1925.

O'Neill is a big right-hander and was sought by four major league clubs.

PICKENVILLE NAT  
WINS FIELD TRIALS

(BY A. P. HUNT WIRE)

UNION SPRINGS (Ala.), Jan. 8.—Pickenville Nat, owned by Dr. W. H. Hutchings of Union Springs and Detroit, Mich., won first place in the Continental Field Trials Club all-age stake completed here today. Frayce E. Jack, owned by F. R. Dillingham, was second and Mac Tye, owned by Jacob Franco, was third. All are pointers.

Pickenville Nat, handled five coveys at birds in faultless fashion.

DATES FOR TROJAN  
MERCURY MIX-UPS SET

Arrangements were made today for the basketball series between the Trojan Athletic Club and the University of California. The Mercury will meet the Trojans in a three-game series on the Pacific Coast New Year's Day, will be the guests of University of Nebraska athletic authorities and citizens of Lincoln, when they arrive here today.

## THE WORLD'S FASTEST

George Duncan is a veritable Charley Faddock of the links, the speed with which he makes his shots being an unending source of amazement to all who see him. He and his fellow-conspirator, Al Mitchell, defeated three Fresno amateurs yesterday in handy fashion.

## DUNCAN AND MITCHELL WIN

Defeat Star Fresno Amateurs in 18-Hole Match by Score of 2 and 1; Lead All the Way

(EXCLUSIVE DISPATCH)

FRESNO, Jan. 8.—Al Mitchell and George Duncan, noted British golf pros, today won an eighteen-hole best ball match from three local professionals by a score of 2 and 1. Elliot Callender, Glen Dutra and Jack Hart represented Fresno, the latter two dividing honors as Callender's partner.

The Fresno team was saved from a more severe defeat only through the exceptional putting of Callender, who time and again ran down long putts to halve holes with the British duo.

Callender was the outstanding star of the foursome with his brilliant play through the fairways and brilliantness on the greens. A number of his putts were over twenty feet.

Jack Hart, Callender's assistant, performed steadily during the nine holes he played and the gallery seemed to think the local golfer might have given the Brits a stronger fight if Jack had stayed in but it had been arranged to have Dutra share the burden and he entered the match at the turn.

Dutra plainly showed his nervousness on the less and green. Several of his drives had simple power, but were shy on direction. Dutra was distinctly off his game.

Mitchell, rated as one of the longest drivers in the game, thrived the gallery of some 300 frequently with his tee shots. A couple of them were almost 300 yards.

The brisk manner of George Duncan, while using his putter was another source of delight to the onlookers. The British duo took the lead on No. 8 when Duncan got a birdie. From then on they were never headed, although the Fresno team managed to get the match down to even terms on the eleventh hole. This situation only lasted a couple of minutes as Duncan again put the victors ahead.

In the drive against bettering in England, it was disclosed that at one church young people wagered on the time taken by a vestryman in passing the collection box, and that the choir boys had had pools on the length of the minister's sermon.

The Mercury will meet the Trojans in a three-game series on the Pacific Coast New Year's Day, will be the guests of University of Nebraska athletic authorities and citizens of Lincoln, when they arrive here today.

"Show-Me's" Boast Number of Cinderpath Stars

Coach Cromwell Announces Local Track Plans

(EXCLUSIVE DISPATCH)

Coach Bob Simpson's University of Missouri tracksters will invade Los Angeles for a crack at the University of Southern California cinderpath crew on April 11, it was announced last night by Dean B. Cromwell, who attends to all of the track-and-field mentoring out of the field.

With the completion of arrangements for the international meet with Missouri, the Trojan track schedule for the coming season is complete. Cromwell plans to send his athletes against Pomona in the first dual meet which is slated to take place March 14, while Occidental and Arizona will also be met by the Cardinals and Gold spikes.

The Arizona Gold spikes will enter national collegiate championship, and the National A. U. meet which takes place June 18 at San Francisco.

Negotiations for the Missouri-U.S.C. meet were closed yesterday on receipt of a wire from Graduate Manager Brewer of the Tiger institution. As the Tigers have vacation from April 8-15, the trip to the Coast will not affect their studies at all. The date of the meet will also depend on every track just right for the Missouri tracksters, providing they wish to enter the Kansas relay, scheduled a week later, and the Drake relay, due to take place April 22.

University of Southern California has boasted, like the University of Missouri, a number of outstanding track stars, among them being Bob Simpson, present coach, who formerly held the world's record of 14 3/4 seconds for the 120-yard high hurdle, and who played on the Missouri team, and who played on the Missouri team, and who played on the Missouri team.

In Keble, the Tigers have a high and low hurdler who should give Morton Kaser, Otto Anderson, Leiferson Dye, Kenny Grumblers and the rest of the Trojan timber-toppers considerable trouble, while Richerson, who played on the Missouri football team here last Christmas, is considered the best weight man in the Missouri Valley Conference.

Richerson, who played on the Missouri football team here last Christmas, is considered the best weight man in the Missouri Valley Conference. Richerson, who played on the Missouri football team here last Christmas, is considered the best weight man in the Missouri Valley Conference.

**Hollywood to Play Host to Bear Quintet**  
California's 145-pound basketball team, which is now touring the South on a barnstorming trip, will face a stiff aggregation when they hook up with the Hollywood Athletic Club tonight on the latter's court.

By all accounts the club men should come out on top, their showing thus far this season relating them as one of the strongest five in the south. With Capt. Kearney and Yardley to shoot baskets, they are a formidable outfit, as they proved by whipping the Oregon Aggie quintet, and if the Golden Bears succeed in downing them, they will be lucky.

The Security Bank five will face the Baptist Church in a preliminary encounter, that will start at 7 p.m. Lee Dempsey will referee both games.

**NOTRE DAME ELEVEN GUEST OF NEBRASKA**  
LINCOLN (Nebr.), Jan. 8.—Members of the Notre Dame football team, conquerors of Leland Stanford University in an intercollegiate clash on the Pacific Coast New Year's Day, will be the guests of University of Nebraska athletic authorities and citizens of Lincoln, when they arrive here today.

Two local poloists, Richard Meyers and Hermer Oatman, are credited with displaying promising form. They are expected to take part in some of the preliminary games.

Practice games will be played Tuesday and Thursday and Saturday until the formal opening of the season.

Coronado Four  
Triumphs Over  
Calgary Squad

(EXCLUSIVE DISPATCH)

SAN DIEGO, Jan. 8.—In the first practice polo game of the season today at the Coronado Country Club, the Coronado four defeated the Calgary team, 7 to 5. The Canadians are the first polo players to arrive for the 1925 season, their ponies having been shipped here a week ago. Capt. T. B. Jenkinson joined his teammates, Jack Rodgers, F. H. Wilmet and H. Martin, Tuesday, and with little preparation they put up a creditable exhibition today.

Coronado's four was composed of Capt. B. Garrison, Dr. G. M. Cook, Maj. Russell and Maj. Colin G. Ross.

Two members of the Denver Polo Club, R. Johnson and Lawrence Phillips, are now at Coronado. Rumors are being spread that the Coronado four are expected this week.

Practice games will be played Tuesday and Thursday and Saturday until the formal opening of the season.

Practice games will be played Tuesday and Thursday and Saturday until the formal opening of the season.

BEGIN OLYMPIC AUDITORIUM  
STAGE MEET

(EXCLUSIVE DISPATCH)

Ground Breaking Ceremonies for New Boxing Hall Scheduled for Three o'Clock Tomorrow Afternoon

Ground will be broken tomorrow afternoon for the huge Olympic Auditorium that will rise at Grand avenue and West Eighteenth street. The ceremonies are to be elaborate in their completeness. Jack Dempsey starting things off at the throttle of the giant steam shovel which will tear the first shovel of dirt.

City and county officials, leaders of the city's foremost civic bodies, stars of the ground-breaking ceremonies which are set for 3 o'clock in the afternoon. Before the ceremonies begin, and at intervals during the program, Robert's Golden State Band, formerly the Hollywood American Legion Band, winner of the gold medal at the state band competition last year, will play appropriate music.

After Jack Dempsey breaks the ground, beautiful Estelle Taylor, picture star, will christen the ground. Boyle Workman, president of the City Council, will tell how much the great convention hall will mean in the program of Los Angeles, and will represent the city at the ceremonies.

A prominent official of the Chamber of Commerce will describe the long need for a convention hall, and will tell how much the lack of one has cost Los Angeles during the last two years. W. H. Harrison, chairman of the Grand Avenue Improvement Association, and president of the Los Angeles Investment Company, will speak on behalf of the improvement association, and the full membership of that body will attend the ceremony.

Law Cody, motion-picture star and enthusiastic fan of the Olympic Auditorium, and general manager, will be presented, and will briefly outline his plan for the year. It is believed the auditorium will be completed by March 1.

**TOMMY GIBBONS IN VICTORY OVER BURKE**  
GRAND RAPIDS (Mich.), Jan. 8.—Tommy Gibbons, St. Paul fighter, defeated Jack Burke of Pittsburgh in the sixth round of their scheduled ten-round non-decision fight here tonight.

Jack Burke, vice-president of the Olympic Auditorium, and general manager, will be presented, and will briefly outline his plan for the year. It is believed the auditorium will be completed by March 1.

**SCOTCH FOURSOMES FOR HOLLYWOOD CLUB**  
A thirty-six-hole Scotch foursome tournament will be held at the Hollywood Country Club next week-end, according to information received from Caddyman Pete Lynch. There must be a difference of at least ten strokes in the day after a four-ball round was played every day of the week.

The tournament is in the nature of preparation for the invitation Scotch Foursomes tournament to be held at Midwick next month.

**Bullock's Closes at "One o'Clock Saturday"**  
January at Bullock's  
Match Play, Bullock's Putting Contest Starts Next Monday

that no customer of intelligence  
could expect to get real sable, for  
instance, for the price of a dyed  
rabbit.

Furriers are frequently asked  
why consumers cannot test the  
quality of furs for themselves. Are  
there no simple methods of dis-  
tinguishing real Furrier's furs  
from the camouflaged skin of a  
kid? The answer is that there is  
no test that the layman can  
apply. So wonderfully are skins  
treated that even experts with  
years of experience in judging  
furs are sometimes puzzled to  
identify the animal which fur-  
nished a piece of fur.

Rabbit, squirrel, skunk and  
muskrat, which are more or less  
plentiful, have proved capable of  
wearing many disguises. The  
muskrat, particularly, is a ver-  
satile little animal. After being  
prepared in various ways it goes  
on the market under its own name  
and also under such impressive  
titles as Russian otter, river mink,  
brook mink, river sable, Hudson  
seal, red seal, Red River seal.

FRESH WATER SEAL.  
It is a good many years since a  
clever fur manufacturer in New  
York devised a method of making  
muskrat look like seal skin, and  
called his new creation Hudson  
seal. Before that time, million-  
aires had worn sealskin as a badge  
of affluence. The new substitute  
was cheaper, and as other man-  
ufacturers copied the process, Hud-  
son seal was seen everywhere.

Since then, a number of cheap-  
er seal imitations have been pro-  
duced from Southern muskrat, rab-  
bit and coney, and thence on down  
out the realm of furs into the  
plushes and fabrics which have  
seal-like trade names. Buyers fre-  
quently do not realize this and re-  
gard all seal-like imitations—ex-  
cept, perhaps, the fabrics—as Hud-  
son seal.

The case with which an in-  
experienced person may be deceived  
as to furs is well-known to those  
individuals who deal in crooked  
schemes. Not long ago, a local  
newspaper carried an advertise-  
ment which stated that a man  
would sell a \$285 seal skin coat  
cheap. To those who came to the  
hotel he said that he and his sweet-  
heart had quarreled, and that he  
wished to dispose of this coat  
which he had brought to present  
to her. He would take \$25, he  
said, and he assured the customer  
that it was the chance of a life-  
time. He had sold almost a  
dozen full of seal skin coats  
by these tactics before the police  
caught up with him.

VANCOUVER PLANS  
PORT IMPROVEMENT

(EXCLUSIVE DISPATCH)  
VANCOUVER (B. C.) Jan. 8.  
During 1924 the port of Van-  
couver increased its elevator carry-  
ing capacity by more than 4,000-  
900 bushels, and spent approxi-  
mately \$2,000,000. Other port im-  
provements consisted of Canadian  
Pacific Dock, B. C., which is not  
completed but on which \$1,400,000  
will have been spent when the  
work is concluded this spring.

Construction of a \$3,000,000 float-  
ing drydock that will take the  
largest merchant ship that enters  
the port, construction of \$200,000  
harbor wharves at a cost of  
\$2,000,000, and the cleaning up  
of all quays and scow houses  
along the waterfront.

Plans comprise a new cold stor-  
age plant to be erected by the  
Vancouver Harbor Board at a cost  
of \$2,000,000, construction of new  
dock by a large United States  
freight-handling concern, and the  
establishment of retarding yards  
in the east end of the port.

## SPANISH WAR HERO RECOGNIZED AT LAST

(EXCLUSIVE DISPATCH)  
ST. LOUIS, Jan. 8.—After a  
silence of twenty-five years, the  
government has notified Samuel  
Copeland, a negro 63 years of age,  
who is a watchman at a substation  
of the postoffice here, that he will  
be awarded a Distinguished Service  
Cross for bravery in the Philip-  
pines on December 7, 1899, in a  
battle against Filipino insurgents.

Copeland, who was a private in  
Company A, Twenty-fourth In-  
fantry, with five companions swam  
across a river under rifle fire and  
brought back boats and rats for  
the American soldiers to cross. He  
crossed again with the troops and  
helped in the attack which brought  
victory.

The War Department explained  
the delay by saying it had been  
busy making awards for heroism  
in the World War and that the re-  
search division, which has lately  
been going through old records,  
came upon the one telling of  
Copeland's heroism.

MAY REORGANIZE  
ARIZONA RANGERS

(EXCLUSIVE DISPATCH)  
PHOENIX, Jan. 8.—An effort is  
to be made to obtain return of  
something like the old body of  
Arizona Rangers, one that will  
have State-wide authority and that  
will be subject only to the orders  
of the Governor. The old Rangers  
efficiently broke up horse stealing  
and cut down outlaws before the  
organization was abolished by a  
Legislature that was intent only  
on curbing the powers of the terri-  
torial executive.

The new rangers would be used  
especially in the hunting down of  
violators of the prohibition laws.  
In at least two counties of the  
State voters have thrown out  
sheriffs who were charged with  
law enforcement of the law. In a  
number of counties officials are  
declared very tolerant of bootleg-  
ging, while some of the counties of  
small population and income,  
though of large area, find them-  
selves financially unable to give  
proper attention to the subject.

# January Clearance 45th Annual Special Offer for Two More Days! at Barker Bros!

## Today and Tomorrow!

Two final days of the opening week of the 1925 Annual January Clearance! For these two days more ALL FURNITURE—excepting only antiques and those few instances where price is nationally established—are offered at vital price reductions. Think of the wide scope for selection—here is the chance to choose the long-wanted piece of furniture at worth-while saving. Buy NOW!

ENTIRE STOCK OF

## Christine of the Hungry Heart

by Kathleen Norris

can get along without him might  
perhaps—? I feel  
"My dear girl, it's the only way!"  
Dan assured her eagerly.  
"To make him do the cooking,  
when it comes to Spain?" she  
said, thoughtfully.  
"Exactly!" Dan said.  
"Dan, do you know, I think  
you've saved my reason!" Christine  
sang, rather than said, joyfully, as  
they walked home. "I was just at  
a deadlock. I couldn't see my way  
out! This gives me a fresh start.  
I couldn't go any further—that  
way. But I can at least begin, on  
this, and see how it goes! I'm  
so very grateful to you, Dan dear."  
And in the house, she turned in  
the hall, and put both her hands  
on his shoulders, and rubbed her  
beautiful face to his for a kiss.  
"Good night, you old darling!"  
she said. "I've been a fool. I see  
it! But this is the beginning of a  
new day."  
"Chris, you are always the most  
wonderful person in the world!"  
Dan said desperately, forlornly,  
against every resolution and law  
of half a lifetime.  
But she was not interested in him.  
It was almost 10 o'clock, she said  
that she was tired. He heard her  
humming, as she ran upstairs.  
(Continued Tomorrow)

### Ten-Year-Old Campaigns for Berth as Page

(SPECIAL REPORT)  
OKLAHOMA CITY, Jan. 8.—The  
makings of a practical politician  
are in Hal Hardy Hampton of  
Capron, Okla., a 10-year-old lad,  
who came down to the capital a  
few days before the organization  
of the Legislature bearing a  
pocketful of cards announcing his  
campaign for page. He distributed  
his cards liberally, and under  
guidance of Fred Hardy of Okla-  
homa City, his grandfather, made  
informal speeches.  
"I believe that service as page  
would be a valuable part of my  
education," the lad told members.  
"At least I am safe in saying that  
the time lost out of school would  
be more than accounted for in the  
experience in the Capitol."  
Whether the fortune of campaign  
will send the lad back home in  
disappointment is yet to be deter-  
mined, but it was in the mind of  
practically every legislator he in-  
terviewed to grant him his ambi-  
tion.

### Kentucky Ranks Four-Bit Theft With Murder

(SPECIAL REPORT)  
HARLAN (Ky.) Jan. 8.—Ward  
Lankford, a mountaineer has just  
been given ten years in State  
prison on a charge of stealing \$5  
cents from visitors at the jail. The  
case attracted unusual attention  
because John Wyatt, convicted on  
a charge of murdering Mrs. Lena  
Gurley, was given a similar sen-  
tence for his crime.  
It is reported that an attempt  
may be made to obtain clemency  
for Lankford. Wyatt is quoted as  
saying: "I am well satisfied with  
my sentence and think that I will  
get out in three years if my re-  
cord is good, and it sure will be  
good."  
Wyatt was said to have shot the  
girl because she refused to marry  
him.

### PLAN NEW RAILWAY FOR WESTERN TEXAS

(SPECIAL REPORT)  
LUBBOCK (Tex.) Jan. 8.—  
Bonds aggregating more  
than \$200,000 have been signed in  
aid of the construction of a rail-  
road from Lubbock to the Texas-  
New Mexico boundary, about sev-  
enty miles, according to J. A. Wil-  
son, one of the promoters of the  
project. An additional \$100,000 of  
bonds will be signed soon, and  
construction will be started about  
April 1, it is stated.  
The projected western terminus  
of the road is Roswell, N. M. The  
line will be about 135 miles long  
and will traverse a region which is  
settling up fast with farmers and  
which is already producing a large  
tonnage of cotton and other agri-  
cultural products. The track will  
be laid over an almost level route  
and the cost of construction will  
be comparatively small.

### BUSINESS MEN ELECT

(SPECIAL REPORT)  
MARICOPA, Jan. 8.—Officers  
elected for the Maricopa Chamber  
of Commerce are: W. H. Wathen,  
president; R. R. Pollack, vice-pres-  
ident; C. B. Warner, treasurer, and  
U. S. Best, secretary. The execu-  
tive committee consists of W. T.  
Wathen, R. R. Pollack, T. W. Mat-  
theis, Oat Voorhees, J. R. Connelly,  
C. B. Warner and C. B. Green. At  
the next meeting there will be as-  
signed as the heads of the regular  
departments committees and they  
will choose their own associates on  
such divisions.

### BUTS KEEN COTTON

(SPECIAL REPORT)  
BAKERSFIELD, Jan. 8.—  
Through the J. West Cotton  
cotton factors, fifty-one bales of  
low middlings cotton were sold late  
today commanding a price of  
122.6 a hundred pounds. In all  
325 bales were placed on the mar-  
ket, salable through sealed bids,  
bids for fifty of the bales were  
received and that amount of cotton  
changed hands.  
At San Joaquin Cotton Sales  
Agency, A. H. Swain, assistant  
manager, reports that seventeen  
bales of cotton were sold.

### TONS OF BARDINES

(SPECIAL REPORT)  
NEWPORT BEACH, Jan. 8.—  
Hundreds of fishing boats from  
San Pedro were off shore here to-  
day catching bardines, said to be  
running in larger numbers than  
ever before. Today's catch is esti-  
mated at 250 tons. The shore line  
between Balboa and Newport was  
literally alive with boats.

# Studebaker Reduces Prices on all Closed Cars

This is 1925's biggest piece of automo-  
bile news.

Studebaker prices are always closest to  
actual values.

When a reduction comes, *costs* are  
approached.

In this instance, the reduction affects all  
closed cars.

Studebaker builds its own bodies—a rare  
practice among automobile manufacturers.

The Studebaker closed car plants save an  
extra profit that must be added to other  
cars.

Naturally then, Studebaker reductions  
can go deeper—without affecting quality  
—than would be possible in any other  
circumstances.

That's why today's Studebaker prices are  
a great opportunity to own a great car—  
at a great saving!

## The Whole Truth About Milk Important Announcement to Milk Consumers

For more than eighteen years the owners of ARDEN  
DAIRY have been making exhaustive investigation of  
milk. This careful investigation has been made to de-  
termine by scientific research "The Whole Truth About  
Milk."

It has long been known that Pure Milk should constitute the greatest part  
of every child's diet. That point being generally accepted they were deter-  
mined to find which breed of cows produced the safest and best milk for  
babies, growing children and invalids. In this work, reports from scientific  
research made by many of the most celebrated physicians and dietitians  
throughout the country have been received. Also an exhaustive survey from  
reports received from thousands of homes where children have been reared  
on Arden Certified Milk from babyhood has been made. This convincing evi-  
dence has also convinced us that the excessive fat and calories of other than  
Holstein Cows' Milk check growth and development—

For this reason we have decided it our wisest course to  
discard all cows excepting the Holsteins.  
These proofs coming from such unquestioned scientific  
authority should be a source of satisfaction and relief to every  
Mother, and should establish for all time the fact that Certified  
Milk from Holstein Cows is the safest milk for infants and  
growing children.

## Trade Switches on Declines in Liverpool Grain

(REUTERS DISPATCH)

CHICAGO, Jan. 8.—An unexpected decline in

the wheat in Liverpool, in the face of

the report in American markets yesterday, was

largely responsible for a change in front on

the part of many local traders, and with increased

pressure of the London market, wheat declined

at the close of the day, with a loss of 1/4 cent

to 1 1/2 cents, to 1 1/4 cents, and September

to 1 1/4 cents.

Grains showed a similar reaction to

the wheat, although wheat was in sympathy with

wheat, and was 1/4 cent lower at the close, with

a loss of 1/4 cent to 1 1/2 cents, to 1 1/4 cents, and

September to 1 1/4 cents.

The market was quiet, with a few

trades in wheat, and a few in corn, but

no change in the price of wheat, and a

loss of 1/4 cent to 1 1/2 cents, to 1 1/4 cents, and

September to 1 1/4 cents.

The market was quiet, with a few

trades in wheat, and a few in corn, but

no change in the price of wheat, and a

loss of 1/4 cent to 1 1/2 cents, to 1 1/4 cents, and

September to 1 1/4 cents.

**STANDARD OIL COMPANY OF CALIFORNIA**  
 BY HOWARD C. KEGLEY  
 Probably the first development of the large reserves of proven oil land in the Santa Maria fields of Santa Barbara county was effected a few days ago with the spudding in of the Union Oil Company's Escallo No. 15, in the Caspian field, about the southwest corner of the town of Orcutt. The Santa Maria fields are held largely in fee by the larger corporations, in fee by the Union Oil Company, Shell company and the Pan-American company, and because of the ample production in other parts of the State the Santa Maria reserves have been practically untouched except for the production of the old wells, for several years.

The Escallo tract, comprising about 3000 acres on which the Union is drilling its new well, is held under lease, and it is reported in the field that the lease is guaranteed by lease requirements. About 75 per cent of the lease is still undeveloped, although the major portion of it is considered proven acreage.

The Union is the largest operator in the Santa Maria fields, holding in fee, and under lease, approximately 70,000 acres, of which about 30,000 acres is considered proven or semiproven. The Shell and Escallo are now in the process of holdings, but have also been inactive in a development way for some years. The Pan-American Petroleum Company has large holdings in this district, but a comparatively small proportion is considered proven.

An interesting development in this area is the test well of the General Petroleum Company, which has just been spudded in on its Bradley property in wildcat territory, four miles northeast of Orcutt. This well is intended to penetrate about 3000 feet to test the structural conditions. The General Petroleum has about 1000 acres in this immediate area, but no production in Santa Maria.

Wells in the Santa Maria fields average about 300 barrels a day at depths of less than 3000 feet.

**Manuel No. 5 Flows**  
 The Shell Company's Manuel No. 5 on the northern end of the Manuel lease in the southeast part of the Rosencrans field, began flowing yesterday during a fishing job. Bottom of this well is at 4005 feet, the water string having been set at around 3800 feet, barrels being dropped in the hole, and while milling these out, the well developed to the casing head. Yesterday morning, with the tools still in the hole, the well began to flow. According to officials, probably will be allowed to produce without further tampering. No estimate of production was available yesterday afternoon.

**Ventura Well Coring**  
 The Henderson Petroleum Corporation is taking cores in its wildcat well in the Moorpark district in Ventura county on the Simi structure, according to official reports. The well is down 4400 feet, and is said to have found showing intervals since the 3400-foot depth.

**Superior Makes Test**  
 The Superior is making a final test of its North Whittier No. A-1 well in the Turnbull Canyon district at 3300 feet, and is making final reports. Good showings were found in the well just above this point, which were tested at the 3300-foot level. The well was drilled to 4165 feet.

The Superior's Andrea well, located in the same district, is standing idle at 1212 feet. The Andrea holds about 3000 acres in this district, but is said to be on the point of abandoning its holdings, and the company's test does not show productive indications.

**Near Completion**  
 The Associated Oil Company has apparently effected a successful shut-off in the DeFrancis No. 5 in the northern part of the Rosencrans field, according to field reports. The water string was set around 4000 feet, and the hole being at 4007 feet. The well probably will be completed in a few days.

DeFrancis No. 5 proves to be as good as the four producers already completed on this lease, the Associated may have another sensation for local oil circles. The peak production of the lease was around 17,000 barrels, and it is doing official production, showing about 13,000 barrels a day.

**King, Associated Official**  
 J. King, superintendent of field operations in Southern California for the Associated Oil Company, has just been signally honored by the company in the appointment of the executive committee he was elected first vice-president and made director of field operations south of the Tehachan and including Santa Barbara county.

Fred B. Henderson was elected first vice-president of the company over sales, transportation,

[illegible]

to keep its service-station business abreast of the times. Henry Rosenbloom, president of the company, has been awarded a contract for the erection of a new oil storage and distributing plant which will be composed of three one-story buildings.

**FLAXSEED MARKET**  
(EXCLUSIVE DISPATCH)  
DULUTH (Minn.), Jan. 2.—The flaxseed market was dull and trading was confined to small quantities. The market was firm, but prices were not advanced. The following prices were quoted in bulk, based on a modern basis, and are in cents per bushel: No. 1, 10.00; No. 2, 9.50; No. 3, 9.00; No. 4, 8.50; No. 5, 8.00; No. 6, 7.50; No. 7, 7.00; No. 8, 6.50; No. 9, 6.00; No. 10, 5.50; No. 11, 5.00; No. 12, 4.50; No. 13, 4.00; No. 14, 3.50; No. 15, 3.00; No. 16, 2.50; No. 17, 2.00; No. 18, 1.50; No. 19, 1.00; No. 20, 0.50; No. 21, 0.00; No. 22, 0.00; No. 23, 0.00; No. 24, 0.00; No. 25, 0.00; No. 26, 0.00; No. 27, 0.00; No. 28, 0.00; No. 29, 0.00; No. 30, 0.00; No. 31, 0.00; No. 32, 0.00; No. 33, 0.00; No. 34, 0.00; No. 35, 0.00; No. 36, 0.00; No. 37, 0.00; No. 38, 0.00; No. 39, 0.00; No. 40, 0.00; No. 41, 0.00; No. 42, 0.00; No. 43, 0.00; No. 44, 0.00; No. 45, 0.00; No. 46, 0.00; No. 47, 0.00; No. 48, 0.00; No. 49, 0.00; No. 50, 0.00; No. 51, 0.00; No. 52, 0.00; No. 53, 0.00; No. 54, 0.00; No. 55, 0.00; No. 56, 0.00; No. 57, 0.00; No. 58, 0.00; No. 59, 0.00; No. 60, 0.00; No. 61, 0.00; No. 62, 0.00; No. 63, 0.00; No. 64, 0.00; No. 65, 0.00; No. 66, 0.00; No. 67, 0.00; No. 68, 0.00; No. 69, 0.00; No. 70, 0.00; No. 71, 0.00; No. 72, 0.00; No. 73, 0.00; No. 74, 0.00; No. 75, 0.00; No. 76, 0.00; No. 77, 0.00; No. 78, 0.00; No. 79, 0.00; No. 80, 0.00; No. 81, 0.00; No. 82, 0.00; No. 83, 0.00; No. 84, 0.00; No. 85, 0.00; No. 86, 0.00; No. 87, 0.00; No. 88, 0.00; No. 89, 0.00; No. 90, 0.00; No. 91, 0.00; No. 92, 0.00; No. 93, 0.00; No. 94, 0.00; No. 95, 0.00; No. 96, 0.00; No. 97, 0.00; No. 98, 0.00; No. 99, 0.00; No. 100, 0.00; No. 101, 0.00; No. 102, 0.00; No. 103, 0.00; No. 104, 0.00; No. 105, 0.00; No. 106, 0.00; No. 107, 0.00; No. 108, 0.00; No. 109, 0.00; No. 110, 0.00; No. 111, 0.00; No. 112, 0.00; No. 113, 0.00; No. 114, 0.00; No. 115, 0.00; No. 116, 0.00; No. 117, 0.00; No. 118, 0.00; No. 119, 0.00; No. 120, 0.00; No. 121, 0.00; No. 122, 0.00; No. 123, 0.00; No. 124, 0.00; No. 125, 0.00; No. 126, 0.00; No. 127, 0.00; No. 128, 0.00; No. 129, 0.00; No. 130, 0.00; No. 131, 0.00; No. 132, 0.00; No. 133, 0.00; No. 134, 0.00; No. 135, 0.00; No. 136, 0.00; No. 137, 0.00; No. 138, 0.00; No. 139, 0.00; No. 140, 0.00; No. 141, 0.00; No. 142, 0.00; No. 143, 0.00; No. 144, 0.00; No. 145, 0.00; No. 146, 0.00; No. 147, 0.00; No. 148, 0.00; No. 149, 0.00; No. 150, 0.00; No. 151, 0.00; No. 152, 0.00; No. 153, 0.00; No. 154, 0.00; No. 155, 0.00; No. 156, 0.00; No. 157, 0.00; No. 158, 0.00; No. 159, 0.00; No. 160, 0.00; No. 161, 0.00; No. 162, 0.00; No. 163, 0.00; No. 164, 0.00; No. 165, 0.00; No. 166, 0.00; No. 167, 0.00; No. 168, 0.00; No. 169, 0.00; No. 170, 0.00; No. 171, 0.00; No. 172, 0.00; No. 173, 0.00; No. 174, 0.00; No. 175, 0.00; No. 176, 0.00; No. 177, 0.00; No. 178, 0.00; No. 179, 0.00; No. 180, 0.00; No. 181, 0.00; No. 182, 0.00; No. 183, 0.00; No. 184, 0.00; No. 185, 0.00; No. 186, 0.00; No. 187, 0.00; No. 188, 0.00; No. 189, 0.00; No. 190, 0.00; No. 191, 0.00; No. 192, 0.00; No. 193, 0.00; No. 194, 0.00; No. 195, 0.00; No. 196, 0.00; No. 197, 0.00; No. 198, 0.00; No. 199, 0.00; No. 200, 0.00; No. 201, 0.00; No. 202, 0.00; No. 203, 0.00; No. 204, 0.00; No. 205, 0.00; No. 206, 0.00; No. 207, 0.00; No. 208, 0.00; No. 209, 0.00; No. 210, 0.00; No. 211, 0.00; No. 212, 0.00; No. 213, 0.00; No. 214, 0.00; No. 215, 0.00; No. 216, 0.00; No. 217, 0.00; No. 218, 0.00; No. 219, 0.00; No. 220, 0.00; No. 221, 0.00; No. 222, 0.00; No. 223, 0.00; No. 224, 0.00; No. 225, 0.00; No. 226, 0.00; No. 227, 0.00; No. 228, 0.00; No. 229, 0.00; No. 230, 0.00; No. 231, 0.00; No. 232, 0.00; No. 233, 0.00; No. 234, 0.00; No. 235, 0.00; No. 236, 0.00; No. 237, 0.00; No. 238, 0.00; No. 239, 0.00; No. 240, 0.00; No. 241, 0.00; No. 242, 0.00; No. 243, 0.00; No. 244, 0.00; No. 245, 0.00; No. 246, 0.00; No. 247, 0.00; No. 248, 0.00; No. 249, 0.00; No. 250, 0.00; No. 251, 0.00; No. 252, 0.00; No. 253, 0.00; No. 254, 0.00; No. 255, 0.00; No. 256, 0.00; No. 257, 0.00; No. 258, 0.00; No. 259, 0.00; No. 260, 0.00; No. 261, 0.00; No. 262, 0.00; No. 263, 0.00; No. 264, 0.00; No. 265, 0.00; No. 266, 0.00; No. 267, 0.00; No. 268, 0.00; No. 269, 0.00; No. 270, 0.00; No. 271, 0.00; No. 272, 0.00; No. 273, 0.00; No. 274, 0.00; No. 275, 0.00; No. 276, 0.00; No. 277, 0.00; No. 278, 0.00; No. 279, 0.00; No. 280, 0.00; No. 281, 0.00; No. 282, 0.00; No. 283, 0.00; No. 284, 0.00; No. 285, 0.00; No. 286, 0.00; No. 287, 0.00; No. 288, 0.00; No. 289, 0.00; No. 290, 0.00; No. 291, 0.00; No. 292, 0.00; No. 293, 0.00; No. 294, 0.00; No. 295, 0.00; No. 296, 0.00; No. 297, 0.00; No. 298, 0.00; No. 299, 0.00; No. 300, 0.00; No. 301, 0.00; No. 302, 0.00; No. 303, 0.00; No. 304, 0.00; No. 305, 0.00; No. 306, 0.00; No. 307, 0.00; No. 308, 0.00; No. 309, 0.00; No. 310, 0.00; No. 311, 0.00; No. 312, 0.00; No. 313, 0.00;

## EXCHANGE SETS NEW MARK

Value of Stock and Bond Transactions Reaches New Peak in 1924; Oils Predominate

BY FRANK L. GARDNER  
Banks, Trusts & Co.

With transactions in both stocks and bonds reaching a record-breaking volume, the Los Angeles Stock Exchange closed the year 1924 facing a most satisfactory outlook.

Sales of stocks were at a total volume of \$25,548,592 and bonds \$25,513,406, a combined business of \$51,062,000 as against the former record for 1923 of \$50,895,770, divided into \$23,357,355 for stocks and \$27,538,415 for bonds. Another interesting comparison can be made with the year 1918 when \$14,415,000 was the total volume of business transacted.

A post-election demand was responsible for a turnover in stocks for November eclipsing any previous month with a valuation of \$4,463,339, while the December volume of \$3,845,555 was only slightly better than the year's average.

## OILS ACTIVE

Trading in oil stocks accounted for 60 per cent of the stock business and reached a total value of \$13,423,834. A spring bull movement in the leading petroleum shares established many of the year's best prices but, late summer found quotations suffering as a result of adverse trade conditions and several issues sagged to around the year's lows.

Union of California and Union Oil Associates contributed the largest volume, \$4,158,555 and \$6,143,000 respectively, an aggregate turnover in these two individual issues of \$10,407,000 or 27 per cent of the entire total. Union's \$100 par share commenced the year at 115, equivalent to \$23.34 on \$25 par, and following recapitalization on the basis of \$25 par in November fluctuated between 25 1/2 and 38 7/8 with a final price of 37 1/2. The net gain shown for the entire twelve months' period was 3 3/4 points. Union Associates, representing a holding company controlling about 57 per cent of the outstanding Union, opened at 52 1/4, practically the year's low, and rose steadily to a high of 67 5/8 and close at 64 1/4, for a net gain of 13 points.

## SAFETY

The safety of Nation-Wide Securities Company Trust Certificates is based on the principle of investing in high-grade securities, in many lines of business, with wide geographical diversification.

## ORGANIZATION

Stocks of the above companies with a total par value of \$12,500 are owned by the Securities Company, deposited with the bank, and the bank delivers and certifies Trust Certificates in blocks of 2500 shares.

## DIVIDENDS

Cash dividends, regular or extra, paid by the combined companies are distributed by the bank pro rata to holders of Trust Certificates. All stock dividends or rights are sold at market by the bank, and the proceeds, above expenses, are distributed pro rata to holders of Trust Certificates. Trust Certificates are non-voting, full paid and non-assessable.

## SUBSTITUTION

If, because of liquidation of any of the above companies, or because of any future question as to the soundness of its securities, any of the above shares are sold, the proceeds shall be reinvested only in shares of the remaining companies, maintaining same ratio between three kinds. The individual securities of the trust are under Moody's Supervisory Service.

## COUPONS

Each Trust Certificate carries 40 quarterly dividend coupons, dated January 1, 1925, to October 1, 1924, on which date, unless the trust has been terminated, the bank will supply a similar set of 40 quarterly coupons. The trust may run for 20 years, but may be terminated or extended by 60 days' notice in writing to the bank when signed by owners of 75% in value of outstanding certificates. The holders of 2500 shares may also request the bank on 10 days' written notice to sell one of the units of stock of the combined companies and pay the proceeds to the holder of said certificates.

## MARKET

Trust Certificates may vary fractionally in price with the aggregate price of stocks of the combined companies, and amount of dividends accrued on each, but by avoiding the wide fluctuations to which individual stocks are subject, they provide an unusually stable investment.

Since they are in bearer form, they require no transfer, thus saving time and expense when buying or selling. They also sell at net prices, requiring no additional commissions.

The combined companies have paid about \$4,000,000,000 in dividends to date.

Moody's average rating of individual stocks included in this trust is A.

Price 11 1/2, to Yield about 6 1/2%

CALVIN BULLOCK, Denver

and close around 19. The common disbursement of \$4.50 per share and a rise in the regular dividend rate from 6 to 7 per cent was responsible for the broad movement in quotations.

Southern Counties Gas worked steadily into higher levels from a low at 94 to a finish market around 103 and Pacific Gas and Electric first preferred registered a substantial gain from 87 1/2 to a high at 94 1/4. Los Angeles Gas preferred touched a low at 87 and closed steadily around 94. While Edison 7 per cent preferred rose from 103 1/4 to 107 1/4 and fell back to closing prices around 105.

Southern California Gas preferred fluctuated between 85 and 93 1/4 and finished in good demand at 93. Reflecting the low state of hydroelectric energy reached in mid-summer, Edison common developed a heavy tone and slumped to a low at 95. Excellent support influenced a steady rally to around 102 1/2 at the close. As a result of an increase in dividend from 5 to 8 per cent, Pacific Gas common recorded a gradual gain from around 91 1/2 to a new high at 103 1/4. Merger talk provided the groundwork for strong accumulation in San Joaquin common evidenced by a substantial rise from 23 to 44. Definite announcement of details of the combination with Western Power Corporation found the market sluggish around 40 where it has since remained. Total valuation of public utility shares changing hands during the year was \$7,311,767.

## MISCELLANEOUS ISSUES

One of the sensational features of the year's activities on the local board was furnished by Los Angeles Investment's abrupt and almost perpendicular rise from a trading level in the neighborhood of 3.00 to a record top at 4.60, exceeding its former high of 1912. Leading of approximately 1500 acres of the company's Baldwin Hills property to the Standard Oil Company for a substantial cash bonus and the subsequent production of oil, combined with exceptionally good earnings from real estate operations, permitting the disbursement of 24 per cent in dividends during the year, were the factors influencing the substantial price improvement.

The resumption of regular 7 per cent dividends on the preferred last April by Goodyear of California resulted in a gradual rise in the stock to a high at 104 and close around 101. An extra disbursement at the end of the year at the rate of 1 1/2 on account of the 22 1/2 arrears reflects a bettered

financial condition. Goodyear Textile Mills preferred made a good gain of 13 points to 33 in sympathy with the tire movement.

California Packing displayed a consistently stronger tone throughout the year and registered an advance from 80 to 104. Another stock to re-enter the list of dividend payers after a lapse of four years was Globe Grain common with a resumption in October at the annual rate of 4 per cent. The stock rose from 29 1/2 to a close around 58 1/2. Laguna Land and Water common advanced steadily from 1.90 to a high at 4.00, and the preferred fluctuated from 1.10 to 1.40. Good strength was shown in Mortgage Guarantees, which moved up to a record high at 12 1/2, gain of 10 points. Sperry Flour preferred slumped from 95 1/2 to 85 and recovered to around 92, and California Delta Farms, due to an assessment of 85 per share, dropped to 7 and closed around 11 for a net loss of 7 1/4 points.

Listing of Sun Finance in March was followed by an active market around 1.50. Developing a heavy tendency, the market reacted to a low at 95 cents and rallied to final sales around 1.00. West American Insurance was an addition to the list in August and the stock has displayed a strong tone with a net gain of 20 points to 270.

The outstanding movement of note in the bank stocks was an advance of 70 points in Farmers' and Merchants' to 480. Every issue in this group showed a gain except two. Merchants' National on reports of excellent earnings, moved up 139 to 255, a gain of 36 points and Security Trust rose 27 1/2 points to a high at 335. Bank of Italy was up 24 points at 152 and National City, organized one and one-half years ago, gained 16 points to 141. Citizens' National through an increase in capitalization and payment of a 50 per cent stock dividend declined from 430 to around 301 but the current price level represents a 13-point gain. Fluctuations in California Bank were narrow, between 250 and 293 and Bancitaly Corporation, listed in September rose from 134 to 148 1/2. Bank of America moved up from 129 to 158 on announcement of the inauguration of dividends at the rate of 6 per cent and finished around 140. National moved within a narrow range from 275 to 381 and closed at 378. A gain of 9 points to 164 was recorded by Union Bank & Trust which increased its dividend rate from 5 to 6 per cent. U. S. National advanced 5 points to 138. Mining shares showed signs of

activity and strength as the year closed after a long period of relative depression. Gold Dust made the most sensational recovery on reports of favorable developments and rose abruptly from a low at 1 cent to 16. Closing around 10 1/2 cents. After touching a bottom at 4 cents, Oatman United, advanced under the influence of excellent accumulation to around 17 1/2 at the close. Prince Consolidated gained 11 points to 19 cents and Yellow Pine was in improved demand at 7 1/2 cents, a gain of 18 cents. Virginia Louise increased from 2 to 7 1/2 cents and Oatman Gold advanced from 1 to 3 1/2 cents. Black Range moved up from 1 to 5 cents while Lucky Boy lost 5 cents to a close around 1. United Eastern was under pressure all year and sagged steadily from 1 1/2 to a low at 35 1/2. Exhaustion of ore reserves at Oatman and closing down of the property in June was responsible for the decline, despite Treasury holdings of cash and bonds totaling about 18 cents per share. Tomba was also under the influence of heavy selling pressure and declined from 56 to 17 1/2 cents. A renewed demand developed during the closing week and final sales were at 27. Richmond Copper provided an active feature early in the year with a rise from 6 to 23 cents. Internal trouble and litigation resulted in an abrupt slump to around 3 at the finish.

## League Expense for Year is Set at Four Million

(BY A. P. KIRBY WIRE)  
NEW YORK, Jan. 8.—The expenses of the League of Nations for the present year will total \$4,371,923, according to figures compiled by the Secretary-General of the League, and made public today by the League of Nations Nonpartisan Association. Fifty-five nations are contributing to this year's League expenses.

## CRUDE RUBBER MARKET

(EXCLUSIVE DISPATCH)  
NEW YORK, Jan. 8.—After a very dull session in the crude rubber market today, there was little progress to sell, and the price of rubber remained practically unchanged. London offered conditions here, for the first time, were lower, and the price of rubber in London, Jan. 8, was 15 cents; New York, Jan. 8, was 15 cents; San Francisco, Jan. 8, was 15 cents; and the price of rubber in London, Jan. 8, was 15 cents.

## ELECTRICAL SALES HOPE

Hand-to-Mouth Buying Caused by Power Expected to Be Replaced by Increase in of Local Companies

One of the executives of the Southern California office of a \$250,000,000 electrical manufacturing company believes the power shortage of last year will cause greater buying of electrical equipment in this district within a few months.

He bases his opinion on the fact that for months, and as a result of the power dearth, there has been a gradual depletion of stocks held by the power companies and retailers, due to the hand-to-mouth buying occasioned by uncertainty as to the supply of moisture which would be available this year.

Then, too, he adds, the power companies have indicated a choice of economy over perfunctory advance administration of company affairs. How long this caution will continue at its extreme he gauges by the length of time it will require consumers in the district to return to the normal power consumption basis.

This in some cases should be immediate and others may stretch out to a year or more. Following are a few phases being analyzed, and what may be expected from their sources in the way of purchases.

## HOME MONEY AVAILABLE

Office and home-building construction is proceeding at a fair rate and there seems to be plenty of money for more.

Industries in many instances purchased gas engines to augment their electric equipment and it may be expected that these supplementary devices will be utilized for months more, not because there is no power, but because the average factory owner may wish to derive some return in the way of service on the investment even though a loss may result from this method of operation.

Some agricultural interests were forced to buy more pumping equipment last year because the water levee was lower, and others seemingly are deferring this action until they get their crop money. This class of buying has not started and probably will not do so until the close of the rainy season.

when an emergency needs can be met. The Electrical Engineering Commission, commenting on this business situation, is reporting that a new year's business in this district is expected to be a temporary slump in the electrical equipment market.

Active purchasing by firms and particularly electricians, is expected to be a feature of the new year. The Electrical Engineering Commission, commenting on this business situation, is reporting that a new year's business in this district is expected to be a temporary slump in the electrical equipment market.

"Steel mill owners are practically up to the holidays, not a single order has been placed for extensive utility properties, heavy & C. Co. has been purchasing of 100,000 construction of steel mill, which is new work."

"About 11,000 spent in New Jersey, New York and the other states, and the electrical equipment has been purchased for the movement of the year."

"In New Jersey, purchasing of textile mills are expected in January. Sales are good in the district. Utilities are and are placing orders in the district. The electrical equipment has been purchased for the movement of the year."

Business Openings  
throughout Southern California

A year-old Los Angeles manufacturing concern has outgrown its present factory and new capital is needed for expansion—the owner of a neighborhood grocery wants a partner—a thriving little fruit stand along the highway is for sale—called East, the proprietor of a drug store is compelled to sell his business—a bakery in Santa Barbara seeks a new owner—a jeweler in San Diego offers a well established business. Openings such as these and hundreds of others are constantly advertised in the "Business Opportunities" columns of the Los Angeles.

By reading Times' "Business Opportunities" the prospective buyer covers the Southland. He achieves the same thing as though he traveled thousands of miles searching the community for openings.

**ENGINEERING**  
**PAY OUTLAY**  
**IS REDUCED**

**Department's Sweepers**  
**and Other Employees Out**  
**of De Luxe Wage Class**

**De luxe wages for street sweep-**  
**ers, garbage collectors and other**  
**employees of the municipal en-**  
**gineering department are rapidly**  
**becoming a practice of the de-**  
**partment, under the regime of City**  
**Engineer Van Norman.**  
**So showed reports filed yester-**  
**day with the City Council's Fi-**  
**nance Committee by City Efficiency**  
**Director Knox, showing how the**  
**new City Engineer is reducing the**  
**overtime payments in his depart-**  
**ment.**  
**A street sweeper's regular wage**  
**is \$4.15 a day, but in the past he**  
**was given much work to do after**  
**regular hours and on Sundays and**  
**holidays, for which he received**  
**fancy overtime rates. A street**  
**sweeper sweeping on a holiday**  
**would receive in the past \$11.87**  
**for his services. The Council re-**  
**duced this rate of holiday pay to**  
**\$7.12, and City Engineer Van**  
**Norman has been so regulating the**  
**work of the department that em-**  
**ployees are required to do all street**  
**sweeping and garbage collecting**  
**during regular working hours, ex-**  
**cept in cases of real emergency.**  
**As a result of this policy of ef-**  
**iciency and economy the monthly**  
**overtime pay rolls of the engineer-**  
**ing department have been reduced**  
**in the last sixty days \$7000 a**  
**month. Overtime bills of the de-**  
**partment were formerly from \$15-**  
**\$60 to \$15,000 a month. As a re-**  
**sult of the new policy of City**  
**Engineer Van Norman, the Decem-**  
**ber overtime pay roll was \$8860.**  
**Efficiency Director Knox reported**  
**yesterday.**

**Leaders in Fight**  
**on Narcotic Evil**  
**Hold Conference**

**Two international authorities on**  
**the narcotic evil met yesterday**  
**at the Biltmore to discuss the**  
**problem and means of combating**  
**it. They were Richmond P. Hob-**  
**son, head of a national organiza-**  
**tion to fight the drug traffic, and**  
**Swami Yogananda of India, here**  
**on a lecture tour.**  
**The narcotic traffic is of consid-**  
**erable interest and concern to**  
**the Indian government, accord-**  
**ing to the swami, inasmuch as a**  
**considerable part of the world's**  
**drugs come from that country.**  
**Swami Yogananda advances the**  
**idea that the remedy for the drug**  
**evil lies in a campaign of per-**  
**sonal education among the addicts**  
**and the overcoming of the habit by**  
**individual exercise of the will, rather**  
**than by legislation against the**  
**traffic as a whole.**

**TWO HELD ON CHECK COUNT**

**A charge of conspiracy to de-**  
**fraud A. R. Mills of \$275 caused**  
**the arrest yesterday of Dan A.**  
**Contreras and H. E. Lundstrom.**  
**Deputy Sheriff Purrier and Wil-**  
**son said the two men had given**  
**Mills a bad check.**

**Bullock's Closes at "One o'Clock Saturdays"**

**January at Bullock's**

**Stationery at Special Prices**

**Bullock's Stationery and Book Shops**

**The preparation which The Stationery Store at Bullock's has made to become a feature Event in "January at Bullock's" is significant.**

**The Stationery that will participate in this event is not only representative of the values sponsored for this month of note at Bullock's but it is in keeping with the quality for which this specialty store has become renowned.**

**1 Pound Old Barrister Paper**  
**With 50 Envelopes at 70c!**

**A novelty stationery specially boxed for Bullock's. Stationery and Envelopes match. 600 pounds are underpriced for Friday at 70c for enough stationery for 50 letters.**

**1 Pound Des Art Linen Paper**  
**With 50 Envelopes at 65c!**

**In white, blue and grey. 72 sheets of paper with 50 matching envelopes. 400 pounds in the lot that is specially priced for Friday—Stationery Day in "January at Bullock's."**

**500 Boxes Imported Stationery**  
**Specially Priced at 85c Box!**

**Novelty papers with beautifully lined envelopes. Attractively boxed—assorted cover designs. This imported stationery may be had in the popular colors of good taste.**

ASSISTANT  
TO AUDITOR  
APPOINTED

A. B. Abbott to Take Over  
Chief Accountant Post in  
City on 15th Inst.

(Continued on Page Two)

Introducing Mr. A. B. Abbott,  
new chief accountant and second  
Deputy City Auditor.

He succeeds Francis Marshall,  
who has resigned after years of  
service in the city government to  
accept the position of vice-presi-  
dent of the Northern Pacific  
Company in the Pacific Mutual  
Building.

The chief accountant of the Los  
Angeles city government is the  
gentleman who takes rows of fig-  
ures amounting to many millions  
in amount and tells in plain En-  
glish, for the guidance of the City  
Council and the taxpayers, what  
they mean and what becomes of  
the public's money.

Since the resignation of Mr.  
Marshall, he has received a large  
number of letters from banks, in-  
vestment houses and citizens pre-  
siding his efficient services, espe-  
cially in the handling of the sale  
of the Los Angeles bonds by the city  
government.

Mr. Abbott has had about twenty  
years of accounting experience  
in practically all lines of account-  
ing, which was obtained as a gen-  
eral auditor of a railway com-  
pany, large manufacturing com-  
pany, and as a senior accountant  
on the staff of public accountants.

He is now a senior accountant  
on the staff of Lybrand, Ross Bros.  
and Montgomery, one of the na-  
tionally known firms of public ac-  
countants, and prior to his coming  
to Los Angeles, about five years  
ago, he was on the staff of some  
of the large accounting firms of  
Chicago.

Mr. Abbott started his career as  
an accountant in a railroad office,  
and at the age of 22 was ap-  
pointed general auditor of the  
Chicago, Indiana and Eastern  
Railway Company.

He visited the City Hall yester-  
day preparatory to taking up his  
new duties on the 15th inst.

**START LONG  
LEGAL FIGHT****Pasadena Seeks to Condemn  
Resort Property****City Moves to Enlarge Water  
Supply****Dispute Involves Closing of  
Arroyo Seco**

By a "Times" Staff Correspondent  
PASADENA, Jan. 8.—Closing of the mouth of the Arroyo Seco, thereby virtually exterminating all the popular mountain resorts in that section, and making hundreds of cabin sites useless, as proposed by the city of Pasadena, will be bitterly fought by land owners in that section, it was announced today, when the first of a number of condemnations were filed in Superior Court.

Such camps as Teddy's Outpost, Switzer, land, Camp Oak Ridge, and Colby's Ranch, would be entirely cut off from the outside world if steps taken by the city are sustained, it is said. Hundreds of thousands of camp owners who flock to the Arroyo Seco, will not be permitted to cross city lands if such lands are acquired by condemnation, it is said.

The action is being taken by Pasadena in an effort to protect the city's water supply. Bonds totalling \$200,000 were voted in 1923 for the purchase of the city's water rights. Principal property owners who have been named defendants in the condemnations proceedings include William D. Gould, Frank Clemens, William Easterbrook, C. C. Cooper, Horace M. Dobbin, and approximately 100 smaller property owners.

Lands now sought by Pasadena constitute the watershed for the reservoir at Devil's Gate dam. Sanitary engineers have declared that the maintenance of camps in the watershed is a menace to the city's water supply.

The city's water supply is a matter of great importance to Pasadena, and the city is determined to protect it at all costs.

**Pantomime—Bud's Compromise****By J. H. Striebel****STAND FOR OPEN SHOP****Directors of Orange Show Refuse Dictation of Labor  
Union Leaders**

(EXCLUSIVE DISPATCH)  
SAN BERNARDINO, Jan. 8.—Ignoring the protest of the Musicians Protective Association, directors of the National Orange Show today announced that the Santa Monica Municipal Band will play at the exposition "because the committee believes it to be the best band available."

The controversy, arising when the musicians' union warned Orange Show officials that bands affiliated with the union would not be permitted to appear if the Santa Monica band played, was complicated today when the Elks band of the Santa Bernardino lodge canceled its concert engagements at the show.

The Santa Monica band was barred from the Pasadena Tournament of Roses because, according to Mayor Jack Steele of Santa Monica, "the management of the Tournament was given to understand that if the nonunion Santa Monica band played none of the other municipal and private bands would furnish music."

The question of whether the musicians are affiliated with the union is ignored by the Orange Show. B. L. Holmes, president of the exposition, today declared that the Santa Monica band played none of the other municipal and private bands would furnish music.

"It has always been the policy of the executive committee of the National Orange Show to engage the best musical talent available, and the question of affiliation with the American Federation of Musicians has not entered into the decision."

The executive committee has attempted at all times to furnish a musical program of the very highest class. The Santa Monica band has played for the National Orange Show before, and most favorable comment has been received by the committee from its exhibitors and visitors.

This year the Santa Monica band was engaged again and included in the band is a list of ten and four concert singers. The program will be elaborate and surpass in class any program heretofore offered.

The relationship between the city of Santa Monica and the National Orange Show and the city of San Bernardino has always been very cordial, and to allow the question of affiliation with the American Federation of Musicians to enter into the situation and cause the National Orange Show to discriminate against the city of Santa Monica would be very unfortunate and will not be tolerated under any circumstances.

Sectional, differences cannot and will not be allowed to prevail.

In canceling its concert at the show the Elks band issued no statement. E. A. Sloan, the manager, merely stated that the concert would not be played in the city of Santa Monica.

The Elks band has appeared in the past at the exposition, attended by hundreds of thousands of people of Southern California.

It is understood that the authorities have given up grilling the Santa Monica band and are concentrating all efforts on the city of San Bernardino.

**A GOOD TIME  
HAD BY ALL****Friendly Yeggmen Rob  
House; Stay for  
Breakfast**

(By a "Times" Staff Correspondent)  
SANTA MONICA, Jan. 8.—After completely ransacking the home of R. O. Shadinger, 123 Marguerita avenue, while occupants of the house were away, thieves prepared a meal of ham and eggs and boiled some coffee.

The loot consisted of several valuable pieces of jewelry, a small amount of money and much of the family silverware. Burnt matches were found scattered about the house. In their haste to quit the house the robbers forgot to wash the dishes, according to Shadinger's report to police.

The Santa Monica band was barred from the Pasadena Tournament of Roses because, according to Mayor Jack Steele of Santa Monica, "the management of the Tournament was given to understand that if the nonunion Santa Monica band played none of the other municipal and private bands would furnish music."

The question of whether the musicians are affiliated with the union is ignored by the Orange Show. B. L. Holmes, president of the exposition, today declared that the Santa Monica band played none of the other municipal and private bands would furnish music.

"It has always been the policy of the executive committee of the National Orange Show to engage the best musical talent available, and the question of affiliation with the American Federation of Musicians has not entered into the decision."

## SCHOOL CLUB TO GIVE TRAGEDY Students to Interpret Shakespeare

Camille Edgars as Juliet

Members of the Shakespeare Club at the Los Angeles High School will present "Romeo and Juliet" in the school auditorium tonight. A special performance will be given for the student body during the assembly hour, this morning.

The cast is under the direction of Mrs. Lena Cooper Webb. Miss

Camille Edgars, who played one of the leading roles in last year's opera, will take the part of Juliet.

The remainder of the cast is as follows: Romeo, Robert Douglas Montgomery; Capulet, Rhythe Paul; Lady Capulet, Reva Vaughn; nurse, Viola Hirsch; Lady Montague, Annette Arnes; Montague, Jack Cohn; Mercutio, Raymond Stafford; Benvolio, Stanley Mullen, and the friar, Milton Klein.

## KNOW HE DRANK; LOSES DIVORCE

Girl Who Marries Knowing Man Is Addicted to Liquor May Not Make Interference Grounds for Annulment, Court Rules, Sustaining Demurrer

If a girl marries a man with the knowledge that he has been addicted to the use of liquor during his courtship, she cannot later make interference grounds for annulment of the tie that bind, Judge Crawford indicated yesterday in sustaining a demurrer of Newton Bruce Siler to the suit brought against him by his wife, Mary E. Siler. He upheld the point made by Siler's attorney that the complaint in annulment proceedings did not set forth facts sufficient to constitute a cause of action against Siler.

Mrs. Siler recited in her complaint that Siler had been using intoxicants for some time before she married him. When he asked for her hand, she said, he de-

clined because of his asserted drinking proclivities. Siler, however, was persistent in his wooing, according to the complaint, which stated that he said that if she would marry him he would quit drinking.

Mrs. Siler said she believed the asserted representation, and accordingly married Siler in Santa Ana November 19, 1924. A few days later the husband resumed his old practice, the complaint charged, adding he had continued to imbibe ever since. The suit for annulment was based on the theory that Siler's asserted promise to quit drinking was made in poor faith and with intent to defraud Mrs. Siler.

Mrs. Siler was given the opportunity of renewing her action, if she desires, within a period of ten days.

clined because of his asserted drinking proclivities. Siler, however, was persistent in his wooing, according to the complaint, which stated that he said that if she would marry him he would quit drinking.

Mrs. Siler said she believed the asserted representation, and accordingly married Siler in Santa Ana November 19, 1924. The suit for annulment was based on the theory that Siler's asserted promise to quit drinking was made in poor faith and with intent to defraud Mrs. Siler.

Mrs. Siler was given the opportunity of renewing her action, if she desires, within a period of ten days.

## WRIT HITS BLASTING IN TUNNEL

Night Hours for Using  
Explosives Set on Plea of  
Apartment Owner

Discharges of explosives between the hours of 9 p.m. and 7:30 a.m. in the tunnel now being constructed for the Pacific Electric Railway and extending between the Hill-street Station and First street and Gleason street, was made unlawful in a temporary injunction granted yesterday by Judge Shaw in favor of W. B. Ramsey, owner of the Crestline Apartments at 1301 Maryland street.

In his petition for an injunction, Ramsey complained that large amounts of explosives had been set off day and night in the tunnel, at a point almost beneath his apartment house. He asked that the contractors, Twoby Brothers, be enjoined from discharging explosives in quantities that would disturb him or his tenants.

The demurrer of Twoby Brothers to the petition was overruled by the court and the days was allowed the contractors to file an answer to the suit.

## Concealed Debt Cited in Attack on Annexation

An attack on the legality of the proceedings whereby Los Angeles annexed the Palms district in 1914 was made in a suit that went to trial yesterday before Judge Valentine of Superior Court. The action was brought in the name of the State through R. P. Davidson, resident and taxpayer of the district.

Davidson contended the annexation proceedings were illegal on the ground that the election ballot failed to set forth the exact bonded indebtedness of Los Angeles, which the district would have to assume in proportion to its property valuation.

The city offered the defense that to set aside the proceedings now will be illegal under the statute of limitations, which Davidson argued that Davidson had paid taxes and voted as a resident of Los Angeles without protest.

Argument scheduled to be completed today but it was stated the court may delay decision and order the case submitted on briefs.

## Grand Jurymen Honor Foreman With Luncheon

Members of the county grand jury gave a luncheon in honor of Foreman G. E. Nagle yesterday noon at the Biltmore. A feature of the gathering was the presentation of a pair of brooms to Nagle by G. B. Brewster, one of the members. George Dieder was toastmaster.

The brooms, it is believed, indicates that the work of the body is nearing an end. One of the principal speakers at the luncheon was Dep. Attorney General Richardson, who has handled the District Attorney's side of the jury investigations.

## GROCERS' LETTERS FILED AS EVIDENCE

ACTION CONSUMES DAY IN  
CASE OF ALLEGED  
CONSPIRACY

Documentary evidence including scores of letters written by members of the Southern California Wholesale Grocers' Association, was introduced by the government yesterday in the asserted conspiracy case against the grocers which is on trial before Federal Judge James. The documents were filed without reading. The procedure consumed the entire day.

According to H. N. Ellis, special assistant to the United States Attorney-General, this evidence is being introduced for the purpose of showing by statements of members and by records of the grocers' association that there has been an agreement to regulate the retail price of groceries sold in California and adjoining States. The action against the association and various firms and individuals has been brought for alleged conspiracy to violate the Sherman antitrust law.

## MAY HAVE TO CHOOSE

Husband Said to Have Boasted He Preferred Jail to Wife

Benjamin H. Fellows, according to his wife's complaint for divorce filed yesterday, boasted that he "would go to the chain gang rather than support her."

He may have the opportunity to choose between the two alternatives as the petition of the wife, Mrs. Nellie F. Fellows, for temporary alimony pending trial was filed yesterday. It is a habit with judges in the local divorce courts to send to jail for contempt of court husbands who refuse or otherwise fail to provide alimony ordered by courts.

Fellows, according to the complaint, is a prosperous contractor. Mrs. Fellows charges cruelty, one item of the complaint being that Fellows declared he "did not want to live with her."

## ROCK CONCERN FIGHTS RAIL FREIGHT RATES

The Union Rock Company, operating extensive pits in the vicinity of Los Angeles, filed formal complaint yesterday with the Federal Railroad Commission charging that freight rates of the Santa Fe, Southern Pacific and Pacific Electric are discriminatory and excessive. Rates on shipments of this nature in Northern and Central California are considerably lower than local rates, according to the company. The company operates rock and gravel pits at Kincaid on the Santa Fe, at Crutcher, Baldwin Park and Rivas on the Southern Pacific and at Puente Largo on the Pacific Electric.

## Liquor Running Held Indication Malahat is Safe

Further indications that the Canadian three-masted schooner Malahat is still afloat came to Los Angeles Harbor with the report that a local fishing schooner, attempting to land 600 cases of liquor directly north of Santa Barbara, struck a reef close inshore early yesterday and was a total loss. Coast Guard officials believe the liquor came from either the Malahat or the British motorship Madacania, also thought to be hovering offshore.

Capt. Griffin and Lucas, commanding the local Coast Guard cutters Vaughan and Tamaros, respectively, were in port yesterday to report finding no trace of either the British schooner Hakodate or the American three-masted schooner Ocasia Vance, both believed to have been lost in the southeast storm of December 24, 1924.

Capt. Griffin said yesterday the only run-carriers now lying off Los Angeles Harbor are the three-masted schooner Coal Harbor and the power schooner Chief Stagnate.

The run-carriers are conceded to have an easy time this week, with the Vaughan in port and the Tamaros undergoing annual overhaul at a Long Beach shipyard.

## Troop-Leading Army Classes Reopen Tonight

The troop-leading course for reserve and National Guard officers of Southern California will be resumed here tonight after a recess over the holidays. It was announced yesterday by Col. Joseph D. Leitch, commander of the Haisen office here. Col. Frank D. Wickham will be lecturer of the evening.

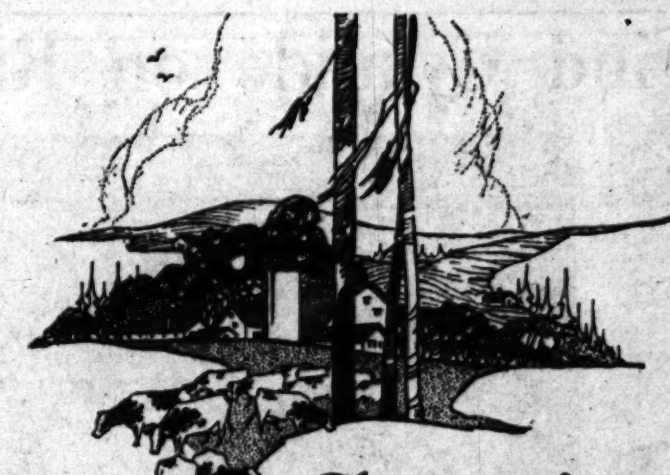

The course is the culmination of instruction given in the Command and General Staff School at Fort Leavenworth and comprises instruction in tactical teamplay in leading, fighting and supplying troops in campaign. It is being given at the California Bank Building, 619 South Spring street.

## CLASS SCHEDULE AT METROPOLITAN GIVEN

Classes taught by Vierling Kersey, director of part-time education in Los Angeles, Douglas Donaldson of the Donaldson Studio in Hollywood and Hester B. Lyon, author of modern military, used as a text-book in New York schools, open today at Metropolitan College, University of Southern California, in the Transportation Building.

The schedule of opening courses is as follows:  
At 4 p.m.—Advertising.  
At 4:15 p.m.—Teacher-training class in military, part-time and continuation education, design-applied art and concrete problems, and Roman history.

At 5 p.m.—Methods of teaching high-school English, and citizenship and education.  
At 6 p.m.—Business psychology, elementary accounting, United States history, modern drama, trade millinery.

## Cheese is an institution here!

SHELTERED from chilling east winds by the protecting Coast range, and with the front door opening out upon the broad Pacific from which come rains when the rest of the Pacific slope is dry, in Tillamook the grass is green through winter and summer—a dairyman's paradise!

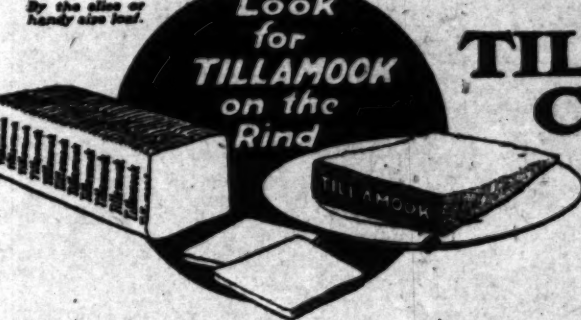

Cheese is the institution of Tillamook. City folks may argue about "the best automobile in the world"—but here folks discuss Holsteins, Guernseys, or Jerseys. Good cows, you see, are vital to the production of good cheese.

Then along with good pasturage and good cows you must have good cheese makers. In Tillamook cheese making is the life work of those white clad men-in-the-kitchens who watch every step from weighing in the milk to putting on the paraffin that seals in the goodness of this delicious full-cream cheese.

Tillamook is the original branded cheese. Look for the same on every slice and loaf. You can be sure of Tillamook flavor. It's the favorite of the West. Make the Tillamook mark on the rind your cheese buying guide.

TILLAMOOK COUNTY CREAMERY ASSOCIATION  
TILLAMOOK, OREGON

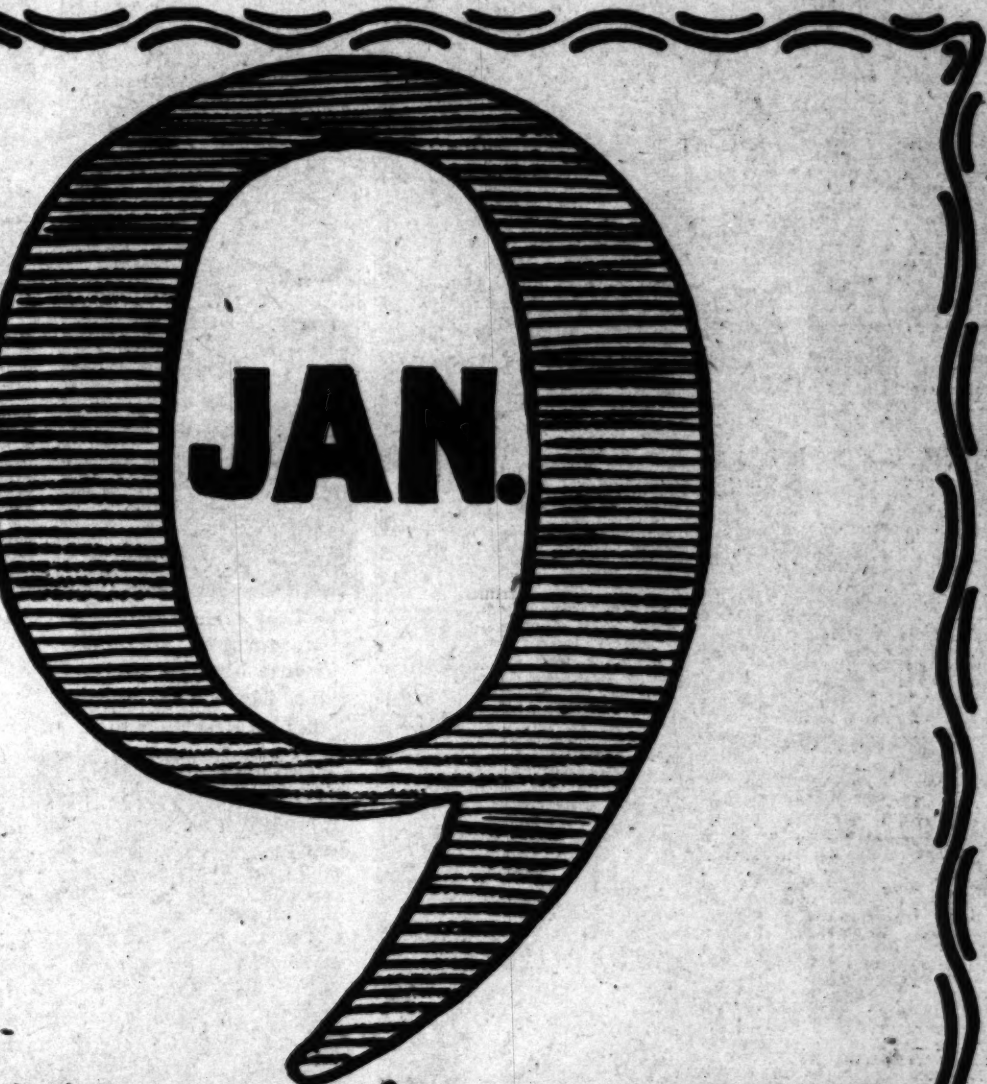

Twenty-four cheese kitchens owned and operated co-operatively by the dairymen of Tillamook County.
